Re: Notice of Violation; Case KS00RL002706

This is a request for an administrative hearing on the behalf of Belle Springs Trucking, Inc.

We received a notice of violation recently. The violation concerned the failure to register and pay UCR fees.

We are requesting the hearing on the following grounds:

1. We were told switching to county registered plates and no longer operating on an interstate basis would not require us to have a UCR registration.
2. Kansas did not decide to participate in the UCR program until midway through the summer. Our company was not notified of the decision to participate. Prior to that time, we attempted to register three times and could not do so.
3. While in full appreciation of safety programs we fail to see what a UCR registration has to do with safety issues.

Our company appreciates the safety issues and concerns addressed by Officer J. C. Smith and we appreciate his courtesy and professionalism he displayed during the safety inspection. Equally we appreciate any assistance you can give us in our request for an administrative hearing on this matter.

Respectfully,

Dan D. Reiff
