**ORDER ON PETITION TO INTERVENE AND MOTION FOR PROTECTIVE ORDER**

The above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission) for consideration and decision. Having examined the files and records, and being duly advised in the premises, the Commission makes the following findings:

1. On December 13, 2012, the Commission opened a general Investigation of the Annual Determination for the Statewide Retail Rate Impact Resulting from Affected Utilities Meeting the Renewable Portfolio Requirement Pursuant to K.S.A. Supp. 2012 66-1260 in Docket No. 13-GIME-391-GIE (391 Docket). The stated purpose of the 391 Docket was to "require submission of information related to a utility's portfolio requirement" so that the Commission can prepare its annual report to the Legislature, due on March 1.<sup>1</sup> On December 19, 2012, the Citizens' Utility Ratepayer Board (CURB) filed a Petition to Intervene in the 391 Docket, and was granted intervention on January 2, 2013.<sup>2</sup>

<sup>1</sup> Order Opening General Investigation Docket (391 Docket) (Dec. 13, 2012), paragraph 1 (Dec. 13, 2012 Order, ¶ 1).

<sup>2</sup> Petition to Intervene, (391 Docket) (Dec. 19, 2012); Order Granting Intervention to Citizens' Utility Ratepayer Board (391 Docket) (Jan. 2, 2013).

2. On January 16, 2013, Docket No. 13-KCPE-463-CPL (463 Docket) was opened in order to permit Kansas City Power & Light Company (KCP&L) to comply with the Commission's requirements in the 391 Docket and maintain confidentiality.<sup>3</sup>

3. On January 24, 2013, CURB filed a Petition to Intervene and Motion for Protective Order (Petition). In its Petition, CURB notes it was granted intervention in the 391 Docket without limitation or restriction.<sup>4</sup> CURB "requests permission to intervene in this docket to represent the interests of the residential and small commercial ratepayers of Kansas. The rates paid and the services received will or may be affected by any Commission order or activity in this proceeding."<sup>5</sup>

4. The Commission has broad discretion to grant a petition for intervention if it is in the interest of justice, if the intervention will not impair the orderly and prompt conduct of the proceedings, and if the party has stated facts demonstrating its legal rights, duties and privileges, immunities or other legal interests may be substantially affected by the proceeding.<sup>6</sup> Further, at any time during a proceeding, the Commission may impose limitations on an intervenor's participation.<sup>7</sup> Additionally, the Commission is responsible for ensuring utilities comply with Commission orders and approves the use of compliance dockets as an internal monitoring mechanism. Discovery motions, protests, and other litigious filings are not appropriate in compliance dockets and will not be accepted for filing by the Docket Room. The Commission has the authority to limit filings which may interfere with the prompt and orderly conduct of Staff's review of KCP&L's compliance filings.<sup>8</sup>

4. Therefore, the Commission finds that CURB's intervention should be limited to receiving notice of filings in this docket. CURB will not be given access to confidential filings or allowed to file discovery motions, protests, or other litigious filings, and as such, CURB's Motion for Protective Order is denied.
