Gentlemen:

We are filing an Application for Certificate with the State Corporation Commission to be able to get electric service ran to a consumer whose property currently falls in Westar Energy's territory. I believe that Westar has already submitted the Application to Cease Operations in the area. A sketch of the proposed location is enclosed.

The construction will conform to the wire stringing rules and regulations of Docket 1944 of the State Corporation Commission. If you have any objections to Butler Electric Cooperative acquiring this territory, please contact Jeff Adams, Vice President of Operations, at 1-800-464-0060. Thank you.

Sincerely,

Robert D. Short
