Response to Question 10

- A. Applicant's short run and long run growth plans for providing intrastate telecommunication service in Kansas (i.e. What services will be provided and how quickly? Will service be offered statewide to residential, business or residential and business? Are specific local exchanges, localities or the service area(s) of specific companies included in these plans? If local service, how many exchanges will be served and which of those will be served first? What are the general characteristics of those exchanges?).**

Applicant seeks authority to provide facilities-based and resold local exchange and access telecommunications services throughout the state of Kansas. LSC proposes to begin providing telecommunications service in Kansas shortly after it has obtained the Commission certification.

Applicant intends to provide high-bandwidth, fiber-based communications networks, and related competitive data services for high-bandwidth customers. Applicant seeks to provide primarily facilities-based Dark Fiber, Private Line and Wavelength Services between multiple customer facilities and key carrier meet-point locations and local data centers. LSC customers consist of large business enterprises, governmental organizations, educational institutions, data centers, and others to best meet their individual needs, providing networks with unmatched security, flexibility, scalability and reliability.

Applicant seeks authority to provide local exchange services in all areas that are currently open, or become open in the future, to competition. Applicant does not intend to provide voice telephone services, however LSC would use existing local exchange boundaries and local calling scope of the incumbent local exchange carriers (ILECs) in Kansas. LSC concurs with the maps and exchange boundaries filed with the Commission by the ILECs. LSC will perform network and equipment maintenance as necessary to ensure compliance with any quality of service requirements. Applicant will comply with all applicable Commission rules, regulations and standards, and will provide safe, reliable and high quality telecommunications services in Kansas.

- B. Estimated number of company service personnel assigned to telephone service who will be located in Kansas during the time periods mentioned above?**

At this time, Applicant does not intend to have personnel located in Kansas.

- C. What telecommunications equipment will be deployed in the state and where will it be deployed over the period of time mentioned above?

LSC does not intend to install any switching equipment for the provision of local exchange service in the State of Kansas, but may install such equipment in the future.

- D. Has any state or federal entity denied certification to your company or taken any enforcement action against your company's service operations (such as a fine or a Cease and Desist action)? If so, please explain.

Applicant has not been denied requested certification in any jurisdiction, nor has any permit, license or certificate been revoked by any authority.

- E. Provide a list of enforcement proceedings or criminal charges involving applicant or its principals in connection with the provision of telecommunications services within the last five (5) years anywhere in the United States including, but not limited to:

- injunctions
- cease and desist orders
- civil lawsuits
- consent decrees
- assurances of voluntary compliance
- civil investigative demands (CID's)
- subpoenas

Identify the office or administrative agency that instituted each action, the date it was instituted, and the outcome thereof. Provide a copy of the final order or judgment. (This does not include actions for the collection of debts or domestic matters.)

LSC has not received enforcement proceedings or criminal charges involving the applicant or its principals.

Light Source Communications, LLC

Light Source Communications, LLC, (LSC), was founded in 2014 to fulfill the demand for more bandwidth and better access. LSC is designed to build, own and maintain unique long-haul dark fiber networks across the United States. As providers are challenged to offer more services the need for new, diverse fiber networks will continue to increase. LSC is committed to being the premier sole-source provider of dark fiber, offering the answer to the strong market demand. Light Source Communications, LLC is proud to offer its customers a combined 50 years of telecommunications and project management experience. Light Source Communications, LLC is headquartered in Michigan.

Pete A. Empie

Pete has 35 years of telecom experience. Pete cofounded Light Source Communications, LLC to build sell and maintain dark fiber assets. In 2009, as Founder and CEO, of Fiber Network Consultants (FNC) Pete was awarded Project Management of the 100 million dollar, 2300 mile fiber build by Merit Network. The project exceeded expectations by coming in slightly under budget, and on time in 2013. Pete then collaborated with Western Telecommunications, Inc., to manage the network maintenance, locating, and permitting management. In 1999, Pete started Waypoint Telecom. As COO of Waypoint he built a 144 count metro dark fiber ring around Lansing, Michigan. Pete sold out the 144 fibers in 3 1/2 years, establishing IRUs with Government, Enterprise, Telecom Carriers, ISP's, and Nonprofit Organizations. In 2005, he expanded Waypoint to light a 600 mile DWDM long haul fiber route in Michigan. He established several metro rings within the State, connected the Michigan network to Chicago, and expanded to light a 1200 mile fiber ring from Chicago to St. Louis.

Pete is an Army veteran, where he worked and trained in the US Signal Corp. After serving his country Pete hired on with MCI as an engineer. From there he went to Brooks Fiber Inc., serving as 3rd level Tech Support specializing in Switching, covering 44 cities throughout the US. Following Brooks Fiber, Pete worked with TCI as a Regional Engineer, designing, and constructing private carriage fiber networks. Following that Pete established a Telephony division within International Cable and Telephone with 400% year over year growth for 3 years, specializing in fiber based Wide Area Networks.

Debra J. Freitas

Debra is a co-founder of Light Source Communications, LLC. Over the past few years, she has managed a 2,300 mile fiber network including multiple IRU customers. She is an expert in operating and maintaining long haul fiber. Debra developed the vendor management protocols as well as managed the maintenance and access of the network from contract to implementation. She procured materials, worked on the negotiation of maintenance and construction agreements, and acted as the liaison between customers and fiber owners. Debra brings 12 years of project management experience working on various projects from industrial installations for General Motors Co., and DaimlerChrysler, to Rights and Royalties

for academic publications, and she also owned a Professional Services Consulting company. Debra is an excellent communicator, and she brings high level sales and marketing strategies to LSC. She graduated from the University of Michigan.

EXHIBIT C

Light Source Communications, LLC (LSC) is authorized to provide facilities-based and resold telecommunications services in Arizona, Florida, Georgia, Indiana, Iowa, Michigan, Missouri, Nebraska, Nevada, Ohio, Oklahoma and South Carolina. LSC has a LEC application pending approval in Texas.

LSC is currently providing dark fiber in Arizona, Indiana, Iowa, Missouri, Nebraska, Nevada, and Oklahoma to 1-2 customers in each state.

FEDERAL LAW: Reporting of Beneficial Ownership Information to the Financial Crimes Enforcement Network (FinCEN)
Beginning January 1, 2024, federal law will require that certain types of corporations, limited liability companies, and other similar entities created in or registered to do business in the United States must report information about their beneficial owners—the persons who ultimately own or control the company—to the Department of the Treasury's Financial Crimes Enforcement Network (FinCEN).

Additional information about the reporting requirements is available on FinCEN's beneficial ownership information webpage, [FinCEN.gov/BOI](https://www.fincen.gov/BOI). You can also subscribe to FinCEN Updates for future guidance documents. FinCEN can be reached at 1-800-767-2825.

The Secretary of State's office is not collecting beneficial ownership information and does not have access to the information reported to FinCEN. The Secretary of State's staff cannot provide advice or legal counsel regarding FinCEN's beneficial ownership reporting requirements. You may wish to consult with professional service providers such as lawyers or accountants.

Certified Date: 10/18/2024
 Certificate Number: 20241018-628762

9. This statement applies only to foreign limited liability companies who may create series in their domestic state and must check the corresponding statements. All other LLCs or business types may skip to section 10.

The limited liability company is governed by an operating agreement that establishes or provides for the establishment of a series of members, managers, limited liability company interests or assets having separate rights, powers or duties with respect to specified property or obligations of the foreign limited liability company or profits and losses associated with specified property or obligations.

Check all that apply.

The debts, liabilities and obligations incurred, contracted for or otherwise existing with respect to a particular series, if any, are enforceable against the assets of such series only, and not against the assets of the foreign limited liability company generally or any other series thereof.

Any of the debts, liabilities, obligations and expenses incurred, contracted for or otherwise existing with respect to the foreign limited liability company generally or any other series thereof shall be enforceable against the assets of such series.

The foreign business hereby consents, without power of revocation, that actions may be commenced against it in the proper court of any county in the state of Kansas; and the foreign business stipulates and agrees that such service shall be taken and held in all courts to be valid and binding as if due service had been made upon the authorized persons of the foreign business.

As of the day of this filing, the foreign business exists in good standing under the laws of the jurisdiction of its organization.

10. I declare under penalty of perjury pursuant to the laws of the state of Kansas that the foregoing is true and correct.

Kansas Corporation Commission**

As a provider of telecommunications services in the state of Kansas, Applicant, by and through its undersigned officer, commits to comply with the following:

- If applying for certification to provide local telecommunications service, provide:

- Access to 911 and E911 services;
- White page directory listings;
- Access to telephone relay services;
- Access to directory assistance;
- Access to operator services;
- Kansas Lifeline service discounts;
- Link-Up service discounts (via the federal program);
- Equal access to interLATA long distance carriers;
- Free blocking of 900- and 700-type services
- Interconnection on a nondiscriminatory basis with other local exchange carriers

- If requesting Eligible Telecommunications Carrier (ETC) designation, provide all applicable federal Lifeline discounts.

- Follow all applicable Commission rules and regulations, including but not limited to, billing practice standards as set out in the October 5, 2010 order in Docket No. 06-GIMT-187-GIT and subsequent billing practice standards approved by the Commission.

- Local exchange and competitive local exchange carriers will follow quality of service standards as set out in an order dated May 23, 2008 in Docket No. 95-GIMT-047-GIT and subsequent billing standards approved by the Commission.

- Maintain required registration with the Office of the Kansas Secretary of State. To contact the Kansas Secretary of State: Memorial Hall, First Floor, 120 SW 10 Ave., Topeka, KS 66612-1594 (785) 296-4564 or www.kssos.org.

- File annual reports with the Commission in accordance with K.S.A. 66-123.

- Pay all assessments due to the Commission and/or the Citizen's Utilities Ratepayer Board (CURB) pursuant to K.S.A. 66-1501, 66-1502, 66-1503, and 66-1504.

- File reports and pay assessments to the Kansas Universal Service Fund (KUSF) as set forth in K.S.A. 66-2008(a) and the Commission's December 27, 1996 Order in Docket No. 94-GIMT-478-GIT. KUSF instructions and remittance forms may be obtained online at www.gvnw.com/usf/kansas/index.htm.

- A competitive local exchange carrier wishing to discontinue service shall notify customers and the Commission in accordance with K.A.R. 82-13-2. An inter-exchange carrier providing service in Kansas wishing to discontinue service shall notify customers in accordance with FCC regulations.
- Promptly notify the Commission of any change of address and contact information.
- Treat each customer equally to all other similarly situated customers, free of prejudice or disadvantage.
- Respect customers' right to select different telecommunications services and vendors.
- Administer procedures to prevent deceptive and unfair marketing practices aimed at potential or existing customers.
- Protect customers' right to privacy, by safeguarding records and personal information against unauthorized use.
- Respond to consumer complaints or inquiries submitted by Commission Staff thorough and quickly.

Verification

I, Debra Freitas, of lawful age, and being first duly sworn, now state: As an officer of the Applicant, I am authorized to and do hereby make the above commitment. Further, I acknowledge that failure to comply with the above commitments or other lawful requirements of the Commission will subject Applicant to potential fines, penalties, revocation of certification, or other sanctions and remedies.
