Dwight D. Keen Annie Kuether

In the Application Sage Telcom Com-	)	
munications, LLC to Expand Its Eligible	)	Docket No. 24-SAGT-326-ETG
Telecommunications Carrier Service Area.	)	

# ORDER GRANTING AMENDED APPLICATION TO EXPAND DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER

The above-captioned matter comes before the State Corporation Commission of the State of Kansas ("Commission") for consideration and determination. Having examined its files and records, the Commission finds and concludes:

- 1. On October 10, 2023, Sage Telecom Communications, LLC, d/b/a TruConnect ("Sage") filed an application ("Application") requesting to expand its designation as an Eligible Telecommunications Carrier ("ETC") within specified exchanges for purposes of federal Lifeline service.
  - 2. The history of Sage's current ETC designation in Kansas is as follows:

On April 15, 2003, Sage filed an Application in Docket No. 03-SAGT-867-ETC requesting ETC designation for the areas in Kansas only where Southwestern Bell Company (SWBT) is certified as the incumbent local exchange carrier (LEC). On October 9, 2003, the Commission approved a Motion to Approve Joint Settlement Agreement.

On December 12, 2012, Sage filed an Application in Docket No. 13-SAGT-407-ETC requesting ETC designation as a wireless carrier for federal low-income support in specific areas in Kansas. On June 5, 2013, the Commission issued an Order granting ETC status for some of the service areas and denying ETC status for the remaining service areas. The Commission denied certain service areas because Staff determined that Sage was not capable of providing the supported services in the denied service areas as required by 47 U.S.C. 214(e)(1) because the denied service areas require roaming on the Sprint Network and Sage choose not to offer roaming service.<sup>1</sup>

\_

<sup>&</sup>lt;sup>1</sup>Staff's Report and Recommendation, Mar. 31, 2025 (R&R), p. 3.

- 3. To be designated as an ETC, a carrier must meet certain requirements under federal law.<sup>2</sup> To approve an expansion of an existing ETC service area, the new service area must be determined to be in the public interest.<sup>3</sup>
- 4. To make a showing that an ETC designation is in the public interest, for both federal and state purposes, the Commission requires an applicant to show:
  - a. The carrier is financially and technically capable of providing the supported Lifeline service in compliance with all of the low-income program rules.<sup>4</sup>
  - b. The carrier has received approval of its Compliance Plan with the FCC (if applicable).
  - c. The carrier undertakes efforts to eliminate waste, fraud, and abuse in the Lifeline program.
  - d. The carrier has sufficient back-up power to remain functional without external power in emergency situations, is able to reroute traffic around damaged facilities, and can manage emergency traffic spikes.<sup>5</sup>
  - e. The carrier will provide service throughout its designated service area to all customers making a reasonable request for service.
  - f. The carrier will comply with all applicable federal and state laws, rules, regulations, and orders. The carrier will inform the Commission of any

 $<sup>^{2}</sup>Id.$ , pp. 2–3.

<sup>&</sup>lt;sup>3</sup>The Commission will weigh certain factors to determine whether it is in the public interest to grant another carrier ETC status. Those factors include a) benefits of increased competitive choice; b) the impact of multiple ETC designations on the KUSF; c) the unique advantages and disadvantages of the carrier's service offering; d) commitments made regarding quality of telephone service provided by competing providers; and e) the carrier's ability to provide the supported services throughout the designated service area within a reasonable time frame. See Docket No. 04-RCCT-338-ETC, Order No. 14 Order Granting ETC Designation and Addressing Additional Issues, September 30, 2004 and Docket No. 04-ALKT-283-ETC, Order Granting ETC Designation and Addressing Additional Issues, September 24, 2004. The Commission will also consider any other relevant factors in determining whether ETC designation is in the public interest.

<sup>&</sup>lt;sup>4</sup>See 47 § C.F.R. 54.201(h), 54.202(a)(4); Docket No. 10-GIMT-658-GIT, Order Requiring Lifeline-Only ETC Applicants to Provide Kansas-Specific Information and Requesting Comments on AT&T Refund Issue, June 21, 2012. The FCC has stated that relevant considerations for such a showing include: a) Whether the Applicant previously offered services to non-Lifeline consumers; b) How long the Company has been in business; c) Whether the Applicant intends to rely exclusively on USF disbursements to operate; d) Whether the Applicant receives or will receive revenue from other sources; and e) Whether the Company has been subject to enforcement action or an ETC revocation proceeding in any state. In Docket No. 10-GIMT-658-GIT, the Commission also stated that lifeline-only ETC applicants should provide Kansas-specific information regarding technical and financial capacity similar to the information provided in the carrier's FCC Compliance Plan.

<sup>&</sup>lt;sup>5</sup>See Docket No. 06-GIMT-446-GIT, Order Adopting Requirements for Designations of Eligible Telecommunications Carrier, October 2, 2006.

- changes in service made to comply with updated laws, rules, regulations, and orders.
- 5. On March 31, 2025, Commission staff ("Staff") submitted its Report and Recommendation ("R&R") which contains detailed findings from Staff's analysis from its review of the Application.
- 6. The Commission adopts Staff's R&R as findings herein and is attached hereto and made a part hereof by reference.
- 7. The Commission concludes that Sage's expansion of its current ETC designation in the requested exchange areas for federal Lifeline program purposes is in the public interest by being a benefit to low-income Kansas consumers and, therefore, just and reasonable.

#### IT IS, THEREFORE, BY THE COMMISSION ORDERED THAT:

- A. The Application of Sage Telecom Communications, LLC, d/b/a TruConnect's for an expanded ETC designation is approved. The company is granted ETC status in all the requested exchanges provided in Exhibit 2 to Staff's R&R.
- B. Sage shall use federal and state Lifeline funds for their intended purpose, and the company shall pass the entire Lifeline credit through to consumers. Furthermore, the company shall abide by Lifeline-only ETC requirements adopted by this Commission, including annual ETC recertification requirements, and Sage shall comply with such requirements to continue to receive state and federal support.
- C. Sage shall file in this docket within thirty (30) days of this order a revised advertisement including Public Affairs and Consumer Protection ("PACP") contact information in the instant docket.
- D. Staff shall update the Commission's map of certified telephone exchanges in the expansion area to reflect current telephone company exchange information.

E. Sage shall update its website to include wording involving Lifeline only information and requirements including that federal rules prohibit subscribers from receiving more

than one Lifeline service per household.

F. Sage shall submit a quarterly report in the instant docket providing updated

information regarding: (a) the status of Sage's intended transfer of customers to TruConnect

Communications, Inc. ("TruConnect"), (b) confirmation Sage and TruConnect are following

guidelines set forth by USAC, and (c) the status of the Sage ETC designation after Sage's

customers are transferred to TruConnect, including any estimated date of such determination.

G. Any party may file and serve a petition for reconsideration pursuant to the

requirements and time limits established by K.S.A. 77-529(a)(1).6

BY THE COMMISSION IT IS SO ORDERED.

Jeff McClanahan, Director of Utilities

**DATE:** March 31, 2025

**SUBJECT:** Docket No. 24-SAGT-326-ETC

In the Application Sage Telecom Communications, LLC to Expand Its Eligible

Telecommunications Carrier Service Area.

## **EXECUTIVE SUMMARY:**

On October 10, 2023, an application filed by Sage Telecom Communications, LLC d/b/a TruConnect (Sage) requesting approval from the Kansas Corporation Commission (Commission) to expand its Eligible Telecommunications Carrier (ETC) designation in specified service areas as identified in its Application as a Lifeline service.

Sage responded to Staff Data Requests (DR) 1 through 4 on November 21, 2024. The company then sent supplemental responses on December 6, 2024, for DRs 1 and 2. Staff requested an organizational chart, corporate structure audited financial statements for the years 2021, 2022, and 2023, the last 3 years of annual meeting minutes, any legal cases or complaints of failing to pay, type of corporate registration, listing of application approvals, denials, or pending in other states, and a map with the comparison of the original ETC designation of service areas. On, January 24, 2025, Staff sent DR 5 to the company requesting the service area map in a zipped shapefile format.

On January 14, 2025, a representative of the company stated in an email that Sage will work with the FCC to determine a reasonable plan to transition Sage subscribers from its Service area code (SAC) to the TruConnect SAC. The email also stated that the company will determine at a later date how to utilize Sage's ETC designation.

#### **BACKGROUND:**

The Federal and Kansas Telecommunications Acts contain provisions to develop universal service funds to maintain and advance universal service, which led to the establishment of the

Federal Universal Service Fund (FUSF) and the Kansas Universal Service Fund (KUSF), respectively. The FUSF provides support through four programs, including the Lifeline program, which assists low-income consumers by providing a discount on their monthly local telephone charges so that telephone service is more affordable.

To be eligible to receive support from the FUSF, a carrier is required to be designated an ETC. A state commission may designate a carrier as an ETC in accordance with 47 U.S.C. § 214(e)(l), which requires:

A common carrier designated as an eligible telecommunications carrier under paragraph (2), (3), or (6) shall be eligible to receive universal service support in accordance with section 254 of this title and shall, throughout the service area for which the designation is received:

- (A) offer the services that are supported by Federal universal service support mechanisms under section 254(c) of this title, either using its own facilities or a combination of its own facilities and resale of another carrier's services (including the services offered by another eligible telecommunications carrier); and
- (B) advertise the availability of such services and the charges therefor using media of general distribution.

The Commission derives its authority to designate ETCs pursuant to 47 U.S.C. § 214(e)(2), which requires:

A State commission shall upon its own motion or upon request designate a common carrier that meets the requirements of paragraph (1) as an eligible telecommunications carrier for a service area designated by the State commission. Upon request and consistent with the public interest, convenience, and necessity, the State commission may, in the case of an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an eligible telecommunications carrier for a service area designated by the State commission, so long as each additional requesting carrier meets the requirements of paragraph (1). Before designating an additional eligible telecommunications carrier for an area served by a rural telephone company, the State commission shall find that the designation is in the public interest.

Services supported by Universal Service in rural, insular and high-cost areas are set forth in FCC Rule 54.101, which states:

- (a) Services designated for support. Voice Telephony services and broadband services shall be supported by federal universal service support mechanisms.
- (1) Eligible voice telephony services must provide voice grade access to the public switched network or its functional equivalent; minutes of use for local service provided at no additional charges to end users; access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible carrier's

service area has implemented 911 or enhanced 911 systems; and toll limitation services to qualifying low-income consumers as provided in subpart E of this part.

(2) Eligible broadband Internet access services must provide the capability to transmit data to and receive data by wire or radio from all or substantially all Internet endpoints, including any capabilities that are incidental to and enable the operation of the communications service, but excluding dial-up service.<sup>1</sup>

In addition, Sage is also subject to the requirements of the following Rules of the Code of Federal Regulations of Sections 54.201, 54.202, 54.203, 54.205, 54.207, 54.408, and 54.410:<sup>2</sup>

54.201 – Definition of eligible telecommunications carriers, generally.

54.202 – Additional requirements for Commission designation of eligible telecommunications carriers.

54.203 – Designation of eligible telecommunications carriers for unserved areas.

54.205 – Relinquishment of universal service.

54.207 – Service Areas.

54.408 – Minimum service standards. 54.410 – Subscriber eligibility determination and certification.

On April 15, 2003, Sage filed an Application in Docket No. 03-SAGT-867-ETC requesting ETC designation for the areas in Kansas only where Southwestern Bell Company (SWBT) is certified as the incumbent local exchange carrier (LEC). On October 9, 2003, the Commission approved a Motion to Approve Joint Settlement Agreement.

On December 12, 2012, Sage filed an Application in Docket No. 13-SAGT-407-ETC requesting ETC designation as a wireless carrier for federal low-income support in specific areas in Kansas. On June 5, 2013, the Commission issued an Order granting ETC status for some of the service areas and denying ETC status for the remaining service areas. The Commission denied certain service areas because Staff determined that Sage was not capable of providing the supported services in the denied service areas as required by 47 U.S.C. 214(e)(1) because the denied service areas require roaming on the Sprint Network and Sage choose not to offer roaming service.

#### **ANALYSIS:**

Sage stated in a previous docket that that it offers local exchange service including the basic phone line and various features to choose from, such as Free Domestic Long Distance, Caller ID, Call Waiting, Call Forwarding, Voicemail features, 3-way calling features, and access to 911 services regardless of the number of voice minutes remaining on the Lifeline consumer's plan.<sup>3</sup> Staff's review of the current Application has determined that Sage meets the federal definition of a

<sup>&</sup>lt;sup>1</sup> 47 C.F.R. § 54.101.

<sup>&</sup>lt;sup>2</sup> Part 54 – Universal Service Subpart C – Carriers Eligible for Universal Service Support

<sup>&</sup>lt;sup>3</sup> Order No. 14-SAGT-463-ETC, dated July 19, 2014.

common carrier. Sage is a Limited Liability Company (LLC) and is authorized to conduct business as an LLC in the state of Kansas and its status is "active and in good standing."

On April 4, 2024, TruConnect Communications, Inc. filed an Application seeking ETC designation solely to provide Lifeline service to qualifying Kansas customers. In its Application, TruConnect indicates that it is a subsidiary of TSC Acquisition Corporation (TSC) and that TSC also owns Sage Telecommunications. While evaluating Sage and TruConnect's Applications, Staff determined that TruConnect's requested ETC service area designation will overlap Sage's designated service area. In response to an inquiry by Staff regarding why TruConnect and Sage would need to have the same designated service areas, TruConnect stated the following:

As noted in TruConnect's ETC application, Sage Telecom and TruConnect are both owned by TSC Acquisition Corporation (TSC). Sage Telecom and TruConnect each have a Lifeline compliance plan approved by the Federal Communications Commission (FCC). However, Sage Telecom and TruConnect have focused on different ETC designation footprints. To date, both Sage Telecom and TruConnect have used the "TruConnect" brand to market their Lifeline service offers.

The pending TruConnect ETC application is part of a broader multi-state effort to establish, as broad as possible, an ETC designation footprint for TruConnect. At the completion of the broader multi-state effort, TSC will work in coordination with the FCC to determine a reasonable plan to transition the Sage Telecom subscribers from the Sage Telecom SAC to the TruConnect SAC. TSC will determine at a later date how it will utilize the Sage Telecom ETC designation. Regardless, granting of TruConnect's ETC Petition will serve the public interest as it will provide low-income consumers with more competitive choices.<sup>5</sup>

Since TSC will transition Sage customers to TruConnect at some point in the future and determine at a later unspecified date how it will utilize the Sage Telecom ETC designation, Staff is viewing the Sage and TruConnect dockets as interconnected. Staff is also concerned that post-transfer of Sage's customers to TruConnect, Sage will no longer be offering services in its designated service area, which will create a need to cease or transfer its ETC designation. Since the timing of the customer transfers and TSC's determination of how it will utilize Sage's ETC designation is unknown, Staff is recommending quarterly reporting requirements from both Sage and Truconnect so that Staff may monitor the progress of TSC's plans and take any proactive actions that may be necessary in the future should the usage of Sage's ETC designation go unused for too long. Staff's reporting requirements are as follows:

- 1. TruConnect and Sage are to submit a report in the instant docket on a quarterly basis providing an update on:
  - a. Status of transferring Sage's customers to Truconnect.
  - b. Confirmation that Sage and TruConnect are following the guidelines set forth by USAC.

4

<sup>&</sup>lt;sup>4</sup> Kansas Secretary of State's Office, <a href="https://www.sos.ks.gov/eforms/BusinessEntity/Search.aspx">https://www.sos.ks.gov/eforms/BusinessEntity/Search.aspx</a>, last viewed March 31, 2025.

<sup>&</sup>lt;sup>5</sup> January 14, 2025, email attached from TruConnect's legal counsel to Staff.

c. Status of Sage's ETC designation post-transfer of Sage's customers to TruConnect including an estimated date of when a decision will be made by TSC.

## **Service or Functionalities**

The FCC identifies the services or functionalities that shall be supported by the federal universal service support mechanisms, pursuant to 47 U.S.C. § 254 (c). The supported services are codified in 47 C.F.R. § 54.101(a),

Voice Telephony services shall be supported by federal universal service support mechanisms. Eligible voice telephony services must provide voice grade access to the public switched network or its functional equivalent; minutes of use for local service provided at no additional charge to end users; access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible carrier's service area has implemented 911 or enhanced 911 systems; and toll limitation services to qualifying low-income consumers as provided in subpart E of this part.

In prior Docket No. 13-SAGT-407-ETC, dated June 5, 2013, (13-407) Sage provided the following explanations of how it proposes to provide Voice Telephony services.

**Voice-grade access to the public switched network** – Sage provides its customers with voice grade access by enabling such customers access to make and receive calls on the Public Switched Telephone Network ("PSTN").<sup>6</sup>

Minutes of Use for Local Service at No Additional Charge – Sage provides its Lifeline customers with a fixed number of minutes of use for local service at no additional charge, with the number of minutes included in the monthly charge dependent upon the particular service plan chosen by the subscriber.<sup>7</sup>

Access to emergency services – Sage provides access to emergency services in conformance with the FCC's requirements. All of the phones that Sage distributes to subscribers will be capable of delivering automatic numbering information ("ANI") and automatic location information ("ALI") and otherwise satisfy applicable enhanced-911 requirements.<sup>8</sup>

**Toll limitations for qualifying low-income consumers** – Sage provides toll limitation services to qualifying low-income customers.<sup>9</sup>

Sage's proposed voice calling plans include unlimited local calling. As a result, Staff believes the Company's local usage offering is comparable to the local usage offered by incumbent providers. Staff is satisfied that Sage has demonstrated an ability to provide the service or functionalities

<sup>&</sup>lt;sup>6</sup> Docket No. 13-407 ¶ III, 8, a.

<sup>&</sup>lt;sup>7</sup> *Id*. at b.

<sup>&</sup>lt;sup>8</sup> Id. at c.

<sup>&</sup>lt;sup>9</sup> *Id*. at d.

supported by the universal service support systems and that its local usage component is comparable to that of the incumbent providers.

#### Service Areas

Section 214(e)(5) of the Federal Act defines "service area" as:

The term "service area" means a geographic area established by a state commission for the purpose of determining universal service obligations and support mechanisms. In the case of an area served by a rural telephone company, "service area" means such company's "study area" unless and until the [Federal Communications] Commission and the States, after taking into account recommendations of a Federal-State Joint Board instituted under section 410(c), establish a different definition of service area for such company.

"Service areas" or "operating areas" are defined by the state act in K.S.A. 66-1,187(k). K.S.A. 66-1,187(k) provides that,

- (1) In the case of a rural telephone company, operating area or service area means such company's study area or areas as approved by the federal communications commission.
- (2) In the case of a local exchange carrier, other than a rural telephone company, operating area or service area means such carrier's local exchange service area or areas as approved by the commission.

Specifically for Lifeline, K.S.A. 66-2006(c) states:

To generate and facilitate participation in the lifeline service program, provide choice for Kansas consumers, and allow collection of federal lifeline program reimbursements, the KCC shall approve a wireline (non-CMRS) facilities-based telephone service provider's application for eligible telecommunications carrier, hereinafter referred to as the ETC, designation in a non-rural service area for the purpose of receiving low-income federal universal service fund support for participation in the lifeline service program, for the area equal to the applicant provider's own service area, provided the applicant provider meets all other ETC eligibility requirements. The commission, however, may condition that such designation remains consistent with the guidelines of the federal program. (emphasis added)

Thus, pursuant to K.S.A. 66-1,187(k), for an ETC operating in a non-rural telephone company services area, the service area means such carrier's local exchange service area or areas as approved by the Commission. And, pursuant to K.S.A. 66-2006(c), the KCC shall approve a wireline (non-CMRS) facilities-based telephone service provider's application for the purpose of receiving federal Lifeline support for the area equal to the applicant provider's own service area, provided the applicant meets all other eligibility requirements.

Sage seeks ETC expansion for low-income support in its footprint within the State of Kansas listed in Exhibit 2 of the Application.

Staff issued DR 5 to Sage to confirm a map of the proposed expansion areas that were filed in the Application. Sage's response to DR 5 confirmed this map to be an accurate representation of the requested expansion areas in this Application. Staff has attached the map as well as DR 5 as Exhibit 2.

# **Advertising**

Eligibility for Federal universal service support is addressed by Section 214(e) of the Federal Act. Section 214(e) (1) of the Federal Act states as follows:

(1) ELIGIBLE TELECOMMUNICATIONS CARRIERS – A common carrier designated as an eligible telecommunications carrier under paragraph (2) or (3) shall be eligible to receive universal service support in accordance with section 254 and shall, throughout the service area for which the designation is received – (A) offer the services that are supported by Federal universal service support mechanisms under section 254(c), either using its own facilities or a combination of its own facilities and resale of another carrier's services (including the services offered by another eligible telecommunications carrier); and (B) advertise the availability of such services and the charges therefore using media of general distribution. [Emphasis added].

Sage states it will satisfy the federal Lifeline promotional requirements set forth in 47 C.F.R. § 54.201(d)(2) and the FCC's rules in section 54.405(c). The Company provided sample advertisements in Docket 13-407, Exhibit B.

The Commission requires competitive ETCs to develop "meaningful language so that consumers will understand what they can expect from an ETC". In addition, the Commission has determined that all competitive ETCs shall include contact information for the Commission's Office of Public Affairs and Consumer Protection (PACP) in its advertisements to make sure that customers know where to turn with questions and complaints.<sup>10</sup>

Accordingly, Staff provided Sage with suggested language to use in its advertising for the Kansas ETC areas. The language is as follows:

For unresolved questions or complaints, you may contact the state commission in your state. Contact information is:

Customers may contact the Kansas Corporation Commission, Office of Public Affairs and Consumer Protection with any concerns, at address 1500 SW Arrowhead Road, Topeka, KS 66604, through email: kcc.public.affairs@ks.gov or call toll-free 1-(800)-662-0027 or in Topeka (785)- 271-3140. Hearing or speech impaired TTY Kansas Relay Center 1-(800)-766-3777.

 $<sup>^{10}</sup>$  Order Adopting Requirements for Designation of Eligible Telecommunications Carriers, Docket No. 06-GIMT-446-GIT, dated October 2, 2006,  $\P$  13

Staff is satisfied that Sage will meet the advertising requirements<sup>11</sup> and requests that Sage file a revised advertisement in the instant docket.

#### **Public Interest**

The FCC, in its *Virginia Cellular Order*, <sup>12</sup> made new findings regarding determination of the public interest. While the FCC's decision is not binding on this Commission, the Commission found in its ALLTEL<sup>13</sup> and RCC Minnesota<sup>14</sup> Orders that examination of the additional factors enumerated in the FCC's Order is reasonable. Staff finds that Sage's explanation from the Application of being in the public interest is provided in the following:

- Expansion of Sage's ETC Service Area Would Promote the Public Interest Expansion of Sage's ETC service area to include all areas where its underlying carriers have coverage will serve the public interest by increasing the number of low-income households that can benefit from the Company's high quality mobile voice, text, and data services. Sage's online and in-person, real-time distribution methods, which rely upon Internet-enabled compliance checks, will enable the Company to bring Lifeline service to eligible consumers throughout its expanded service area.<sup>15</sup>
- The Benefits of Competitive Choice The Commission's grant of Sage's request to expand its designated service area would promote competition and increase customer choice for low-income households residing in the expanded service area. Indeed, its presence as a competitor will lead to additional competition within the Lifeline market, especially throughout its expanded service area, that should help improve the rate of program participation by eligible subscribers. <sup>16</sup>

After reviewing Sage's Application, Staff believes that the Company has demonstrated that it is in the public interest to designate its ETC expansion areas for the purpose of participating in the federal and state Lifeline program.

#### **Consumer Eligibility and Enrollment**

In the FCC's *Lifeline Reform Order*, the FCC comprehensively reformed and began the modernization of the federal Lifeline program.<sup>17</sup> Pursuant to the Order and 47 C.F.R. 54.410(d), ETCs in all states were required to update their Lifeline Certification forms by June 1, 2012, to

<sup>&</sup>lt;sup>11</sup> Order No. 06-GIMT-446-GIT, ¶ 77b

<sup>&</sup>lt;sup>12</sup> See In the Matter of Federal State Joint Board on Universal Service: Virginia Cellular, LLC Petition for Designation as an Eligible Telecommunications Carrier In the Commonwealth of Virginia, Released: January 22, 2004 ("Virginia Cellular Order"), FCC Docket No. DA 03-338.

<sup>&</sup>lt;sup>13</sup> Order Granting ETC Designation and Addressing Additional Issues, Docket No. 04-ALKT-283-ETC, dated Sept. 24, 2004, ¶ 28.

<sup>&</sup>lt;sup>14</sup> Order No. 14: Granting ETC Designation and Addressing Additional Issues., Docket No. 04-RCCT-338-ETC, dated Sept. 9, 2004, ¶ 26.

<sup>15</sup> Application, ¶ IV

<sup>&</sup>lt;sup>16</sup> Id.

<sup>&</sup>lt;sup>17</sup> See In the Matter of Lifeline and Link Up Reform and Modernization; Lifeline and Link Up; Federal-State Joint Board on Universal Service; Advancing Broadband Availability Through Digital Literacy Training; WC Docket No. 11-42, WC Docket No. 03-109, CC Docket No. 96-45, WC Docket No. 12-23; Report and Order and Further Notice of Proposed Rulemaking; Rel. Feb. 6, 2012, ("Lifeline Reform Order").

include specific information in clear, easily understood language and participants are required to make initial and annual certifications. The information required to be disclosed includes that Lifeline is a Federal benefit and that Lifeline can only be received for one line per household. Staff's review of Sage's website shows that there is no link to the Lifeline Certification Form. The form should be clear that consumers may receive only one Lifeline benefit per household.<sup>18</sup> Staff recommends that Sage update its website to upload the form and that it complies with Federal rules that prohibit subscribers from receiving more than one Lifeline service per household.<sup>19</sup>

### Technically and Financially Capable

The FCC, in its *Lifeline Reform Order*, amended section 54.202 of its rules, which govern ETC designation by states to require a carrier seeking designation as a Lifeline-only ETC to demonstrate that it is technically and financially capable of providing the supported Lifeline service in compliance with all of the low-income program rules. The FCC stated that among the relevant considerations for such a showing are:

- a) Whether the Applicant previously offered services to non-Lifeline consumers;
- b) How long the Company has been in business;
- c) Whether the Applicant intends to rely exclusively on USF disbursements to operate;
- d) Whether the Applicant receives or will receive revenue from other sources; and
- e) Whether the Company has been subject to enforcement action or an ETC revocation proceeding in any state.

The Commission requested comments in its March 27, 2012, Order in Docket No. 10-GIMT-658-GIT on what additional information should be provided by Lifeline-only ETCs to demonstrate their technical and financial capacity in Kansas. After reviewing the Comments filed, the Commission determined in its June 21, 2012, Order that:

The FCC requires Lifeline-only ETC applicants to provide, in their Compliance Plan, a detailed description of how the carrier offers service, the geographic areas in which it offers service, and a description of the carrier's various Lifeline service plan offerings, including subscriber rates, number of minutes included and types of plans available. Lifeline-only ETC applicants should file Kansas-specific information regarding technical and financial capacity similar to the information provided in the carrier's FCC Compliance Plan when filing for Lifeline-only ETC status in Kansas.

Sage has not been subject to any enforcement action or ETC revocation in any state. Sage will not seek access to funds from the federal Universal Service Fund. The Company seeks an ETC expansion solely to provide Lifeline service to qualifying Kansas consumers.

<sup>18</sup> https://www.sagecom.net.

<sup>&</sup>lt;sup>19</sup> 47 C.F.R. § 54.405(c)

Staff is satisfied that Sage meets the FCC's rules pursuant to 47 C.F.R. § 54.201 and 54.202 as being technically and financially capable to offer Lifeline-only support in its requested service areas.

#### Ability to Remain Functional in an Emergency

The Commission determined in its October 2, 2006, Order in Docket No. 06-GIMT-446-GIT that, as part of its public interest evaluation, the Commission will require an ETC Applicant to demonstrate that it has sufficient back-up power to remain functional without external power in emergency situations, is able to reroute traffic around damaged facilities, and can manage emergency traffic spikes.<sup>20</sup>

Sage's Application states that its customers will continue to benefit from its underlying carriers' ability to remain functional in emergency situations, including access to a reasonable amount of back-up power to ensure functionality without an external power source, the ability to reroute traffic around damaged facilities, and the capability of managing traffic spikes resulting from emergency situations.<sup>21</sup>

Staff is satisfied that Sage will be able to properly respond to emergency situations and remain functional during emergencies as required by 47 C.F.R. § 54.202(a)(2).

#### **Benefit Transfers**

The Universal Service Administrative Company (USAC) database defines a benefit transfer as when one service provide transfers a subscriber's Lifeline program benefit from another service provider. The benefit transfer must be at the request of the subscriber. The subscriber's new service provider initiates the transaction in the National Lifeline Accountability Database (NLAD) on the subscriber's behalf. Prior to initiating a benefit transfer in NLAD, the service provider must obtain the consent of the subscriber and obtain proper documentation of consent.<sup>22</sup>

Staff reminds Sage to follow the guidelines set in place by USAC when transferring the subscriber's to TruConnect. Furthermore, Staff requests Sage to file their quarterly updates regarding their progress on the benefit transfers in the instant docket.

#### **RECOMMENDATION:**

Based on its review of Sage's Application and responses to Staff DRs 1-5, Staff recommends the Commission grant Sage's request for Lifeline ETC expansion in the T-Mobile and Verizon service areas on a wholesale basis detailed in Exhibit 2 and supported by Sage's response in DR 5. Staff is satisfied that the Company has demonstrated its ability to meet the federal and state requirements in order to be granted an expansion as a Lifeline-only ETC in the requested service areas.

<sup>&</sup>lt;sup>20</sup> The FCC also revised its rules in 47 C.F.R. 54.202(a)(2) to require an ETC to demonstrate it has the ability to remain functional in an emergency.

<sup>&</sup>lt;sup>21</sup> Application, ¶ II.

<sup>&</sup>lt;sup>22</sup> https://www.usac.org/lifeline/national-lifeline-accountability-database-nlad/benefit-transfers/.

Staff also believes that Sage has demonstrated that it is in the public interest to expand its ETC designation in the requested service areas for the purpose of participating in the federal and state Lifeline program.

Sage should be reminded that federal and state Lifeline funds must be used for their intended purpose, and Sage shall pass the entire Lifeline credit through to the consumer.

Additionally, Sage should be aware that it is required to abide by Lifeline-only ETC requirements adopted by this Commission, including annual ETC recertification requirements, and Sage will be required to follow these to continue to receive state and federal support.

Staff recommends the Commission issue an Order granting Sage's request to expand its Lifeline ETC in the T-Mobile and Verizon service areas on a wholesale basis. Staff further recommends the Commission issue an Order:

- 1. Granting Sage's request for a Lifeline-only ETC in the areas identified in Exhibit 2.
- 2. TruConnect and Sage are to submit a report in the instant docket on a quarterly basis providing an update on:
  - a. Status of transferring Sage's customers to Truconnect.
  - b. Confirmation Sage and TruConnect are following the guidelines set forth by USAC.
  - c. Status of Sage's ETC designation post-transfer of Sage's customers to TruConnect including an estimated date of when a decision will be made by TSC.
- 3. Recommending Sage to file a revised advertisement including the Public Affairs and Consumer Protection contact information in the instant docket.
- 4. Requesting Sage update its website to include wording involving Lifeline only information and requirements that Federal rules prohibit subscribers from receiving more than one Lifeline service per household.

### **Kansas Corporation Commission**

### **Discovery Requests**

Discovery Request No. KCC-5

Company Name:

Sage Telecom Communications, LLC d/b/a TruConnect

Docket Number:

24-SAGT-326-ETC

Request Date:

January 24, 2025

Due Date:

February 27, 2025

Regarding:

In the Application Sage Telecom Communications, LLC d/b/a TruConnect to

Expand its Eligible Telecommunications Carrier Service Area.

Please Provide the Following relating to Docket 24-SAGT-326-ETC filing:

Sage Telecom Communications, LLC provides the following response.

1. Received email stating Sage Telecom and TruConnect focus on different ETC designation footprints. Please provide the proposed service area map in a zipped shapefile format. If service area map file is too large to email, please advise and staff will propose a solution. Docket No. 06-GIMT-446-GIT Order Adopting Requirements for Designation of Eligible Telecommunications Carriers 10/02/2003 ¶ 29. Please provide Exhibit 2 in excel format.

### Response

Sage Telecom's underlying carriers are T-Mobile and Verizon. Sage Telecom's current ETC designation includes T-Mobile's coverage area. In the pending petition, Sage Telecom requests the Commission to expand its ETC designation to include Verizon's coverage area. T-Mobile has provided Sage Telecom with service area map files in a shapefile format. Upon receiving a secure link from Commission Staff, Sage Telecom will upload the files. Verizon will not provide service area maps in shapefile format to Sage Telecom.

Exhibit 2, which was provided with Sage Telecom's petition, was a list of ILEC and RBOC wire centers within Verizon's coverage area that Sage Telecom sought add to its ETC service area. Upon further review, Sage Telecom determined that a comprehensive list of ILEC and RBOC wire centers associated with T-Mobile and Verizon's coverage areas would provide the Commission with the most accurate description of Sage Telecom's expanded service area given that there are numerous wire centers that are associated with both T-Mobile and Verizon coverage areas. Sage Telecom is providing an amended Exhibit 2 in excel format.

# Verification of Response

I have read the foregoing Data Request and answers thereto and find the answers to be true, accurate, full and complete and contain no material misrepresentations or omissions to the best of my knowledge and belief; and I will disclose to the Commission Staff any matter subsequently discovered which effects the accuracy or completeness of the answers to this Data Request.

Signed:

Danielle Perry

Chief Compliance Officer

Date: \_\_\_\_\_2/21/2025
