

retail revenues. First, a provider may utilize the Federal Communications Commission's (FCC) Safe Harbor percentages to allocate intrastate and interstate Kansas revenues.¹ If a wireless carrier or VoIP provider utilizes the Safe Harbor percentages, no filings regarding the methodology are necessary. Second, a wireless carrier or VoIP provider may utilize a traffic study to determine revenue allocations between jurisdictions. If the wireless carrier or VoIP provider uses the traffic study methodology, it must file to request use of the methodology for KUSF purposes and provide the jurisdictional percentages (also known as "traffic factors") to the Commission, at least annually in the annual KUSF docket, and identify the specific timeframes for which the traffic factors apply. This filing requirement applies even if the traffic factors did not change from the prior year. Third, a wireless carrier or VoIP provider may directly assign revenue between jurisdictions.² If the wireless carrier or VoIP provider uses the direct assignment methodology, it does not need to provide the jurisdictional percentages, but it must request approval to use the methodology and inform the Commission at least annually, in the annual KUSF docket, whether it continues to use such methodology. Additionally, if the wireless carrier or VoIP provider uses either the traffic study or direct assignment methodologies, it must provide an affidavit from an officer of the company attesting that it uses the inverse of the intrastate KUSF revenue percentages for interstate, Federal Universal Service Fund (FUSF) remittance purposes. Such affidavit should accompany the filings referenced above.

3. On February 27, 2025, Comcast Phone of Kansas, LLC ("Comcast") filed their traffic study factors for the period March 1, 2025, through February 28, 2026. The filing was accompanied by an affidavit signed by Joseph Lance, Vice President for Comcast, attesting that

¹See Report and Order and Notice of Proposed Rulemaking, 21 FCC Rcd. 7518 ¶65 (June 27, 2006).

²See Implementation Order Adopting Staff Report and Recommendation and requiring VOIP Providers Operating in Kansas to Report and Remit the Kansas Universal Service Fund by January 15, 2009. ¶14, Docket No. 07-GIMT-432-GIT (Sep. 22, 2008).

the company uses the same factors for both KUSF and FUSF purposes, specifically it uses the inverse of the federal percentages derived from that study for KUSF reporting purposes.

4. The Commission finds Comcast's traffic study factors filing is consistent with K.S.A. 66-2008(a) and the order entered by the Commission in Docket No. 94-GIMT-478-GIT, and the factors are appropriate for KUSF remittance purposes.

IT IS, THEREFORE, BY THE COMMISSION ORDERED THAT:

A. Comcast Phone of Kansas, LLC's traffic study factors, filed on February 27, 2025, for March 1, 2025, through February 28, 2026, are accepted and approved for KUSF remittance purposes.

B. Any party may file and serve a petition for reconsideration pursuant to the requirements and time limits established by K.S.A. 77-529(a)(1).³

BY THE COMMISSION IT IS SO ORDERED.

French, Chairperson; Keen, Commissioner; Kuether, Commissioner

Dated: 03/13/2025

Abigail D. Emery
Acting Secretary to the Commission
