ORDER ON PETITION TO INTERVENE

The above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission) for consideration and decision. Having examined the files and records, and being duly advised in the premises, the Commission makes the following findings:

1. On December 13, 2012, the Commission opened a General Investigation of the Annual Determination for the Statewide Retail Rate Impact Resulting from Affected Utilities Meeting the Renewable Portfolio Requirement Pursuant to K.S.A. 2012 Supp. 66-1260 in Docket No. 13-GIME-391-GIE (391 Docket). The stated purpose of the 391 Docket was to “require submission of information related to a utility’s portfolio requirement” so that the Commission can prepare its annual report to the Legislature, due on March 1, 2013.¹ On February 7, 2013, Solar Energy Industries Association – Heartland Chapter (HSEIA) filed a Petition to Intervene in the 391 Docket, and was granted intervention on February 20, 2013.²

2. On January 16, 2013, Docket No. 13-KEPE-462-CPL (462 Docket) was opened to permit Kansas Electric Power Cooperative, Inc. (KEPCo) to comply with the Commission’s requirements in the 391 Docket and maintain confidentiality.³

³ See, Notice of Filing of Confidential Report, (Jan. 16, 2013).

3. On February 15, 2013, HSEIA filed a Petition to Intervene (Petition). In HSEIA's Petition, HSEIA stated it is a not for profit corporation authorized to conduct business in the state of Kansas, advocating for the development of solar energy projects in Kansas, Nebraska and Iowa.⁴ HSEIA is composed of various businesses engaged in the development, sale, and installation of solar energy systems.⁵ HSEIA states its members may be affected by the report produced through this docket, and HSEIA has legal rights and economic interests that will be substantially affected by this proceeding.⁶

4. For a petitioner to qualify for intervention, three elements must be met: (1) the petition needs to be in writing and submitted to the presiding officer, with copies mailed to all parties, at least three days before an evidentiary hearing; (2) the petition must state facts demonstrating the petitioner's legal rights, duties, privileges, immunities or other legal interests may be substantially affected by the proceeding, or that the petitioner qualifies as an intervenor under any provision of the law; and (3) the interests of justice and the orderly and prompt conduct of the proceedings will not be impaired by allowing the intervention.⁷ A petition for intervention may be granted at any time if it is in the interests of justice and will not impair the orderly and prompt conduct of the proceedings.⁸

5. The Commission is responsible for ensuring utilities comply with Commission orders and approves the use of compliance dockets as an internal monitoring mechanism. The Commission reviewed HSEIA's petition and finds and concludes that HSEIA has not met the requirements of K.A.R. 82-1-225 and should be denied intervention. HSEIA has failed to articulate facts demonstrating how its legal rights, duties, privileges, immunities or other legal

IT IS, THEREFORE, BY THE COMMISSION ORDERED THAT:

(A) The Commission denies Solar Energy Industries Association – Heartland Chapter intervention in the above-captioned proceeding.

(B) This Order is procedural and constitutes non-final agency action.¹⁰ The parties have 15 days, plus three days if service of this order is by mail, from the date this order was served in which to petition the Commission for reconsideration of any issue or issues decided herein.¹¹
