Kansas Corporation Commission
Attn: Lynn M. Retz, Executive Director
1500 SW Arrowhead Road
Topeka, KS 66604-4027

Re: Docket No. 12-KGSG-721-TAR; Compliance Filing; Docket No. 13-KGSG-538-CPL.

Dear Ms. Retz,

The Commission's order in Docket No. 12-KGSG-721-TAR required KGS to submit annually the remaining cast iron pipe in its system, further identified by pipe diameter. In addition, the Commission requested the number of leaks discovered each year due to corrosion, organized by pipe diameter. These annual submissions have been made in Docket No. 13-KGSG-538-CPL.

The required information is attached. The first table highlights the leaks caused by corrosion, further identified by pipe size. The second table identifies the inventory of KGS cast iron remaining on its system by pipe diameter. As shown in the second table, KGS has reduced inventory of cast iron to zero (0). Because KGS has now completed replacement of cast iron, KGS requests a waiver from future filing requirements under Docket No. 13-KGSG-538-CPL.

Sincerely,

Janet Buchanan
