Kansas Corporation Commission
Attn: Lynn M. Retz, Executive Director
1500 SW Arrowhead Road
Topeka, KS 66604-4027

Re: Docket No. 12-KGSG-721-TAR; Compliance Filing; Docket 13-KGSG-538-CPL.

Dear Ms. Retz,

The Commission's order in Docket No. 12-KGSG-721-TAR requires Kansas Gas Service, a division of ONE Gas, Inc., to submit annually the remaining miles of cast iron pipe in its system, further identified by pipe diameter. In addition, the Commission requested a summary of the number of leaks discovered each year due to corrosion, organized by pipe diameter.

As stated in the compliance filing made February 28, 2020, our cast iron inventory reached zero in 2019. With the acquisition of the natural gas distribution system at Fort Riley, new cast iron inventory was added for the year end 2021. The required information is attached. There were no corrosion leaks as shown in the first table. The second table identifies there is no remaining cast iron in Fort Riley as of year end 2023.

Sincerely,

Lorna Eaton

Manager - Rates and Regulatory Affairs
Kansas Gas Service, a Division of ONE Gas, Inc.
