**Re: Cricket Communications, Inc. - Kansas Universal Service Fund Audit
Docket No. 13-CRCZ-090-KSF**

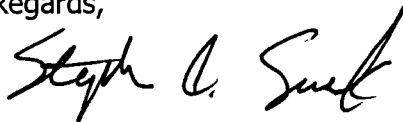

To whom it may concern:

Cricket Communications, Inc. (CCI) has been contacted by David Winter with GVNW Consulting, Inc. to conduct an audit of Kansas Universal Service Fund. Our audit schedule is currently booked until October 2013 for audits previously scheduled, prior to being contacted by Kansas. We attempted to schedule the audit with Mr. Winters near the end of 2013 to accommodate our various and currently scheduled audits with other jurisdictions. Mr. Winter has informed us that this is not acceptable as he is required to have his audit completed by June 30, 2013.

It is our goal and commitment to support any and all audit requirements for any jurisdictional requests; however, we must be able to accommodate our schedule and resources necessary to provide all data requested for audits, as requests are made.

In addition, in recent weeks, Cricket has undergone a 33% RIF and in the audit department we lost several employees. We would appreciate your consideration and cooperation in scheduling the audit for November 2013 in order to accommodate our schedule with our resources at hand. Please call myself or Vicky Taylor at (858) 882-6283 if you have any questions or concerns.

Regards,

Stephen Susak
