_____	)	

**APPLICATION**

COMES NOW, Merit Energy Company ("Merit"), by and through its attorney, Stanford J. Smith, Jr., and in support of its Application in the above captioned matter states as follows:

1. Merit is authorized to do business in the State of Kansas, and has a street address of 13727 Noel Road, Suite 1200, Dallas, Texas, 75240.
2. The Kansas Corporation Commission has issued Merit operator's license 32446, which expires on May 30, 2023.
3. Merit is the owner and operator of the SWLVLU 21 well, which is located in the Southeast Quarter of the Southeast Quarter of the Northwest Quarter of the Northwest Quarter of Section 30, Township 30 South, Range 33 West, Haskell County, Kansas, API # 15-081-21735-00-01. The subject well is located on an active oil and gas lease or unit comprising the following lands:

Northwest Quarter of Section 30, Township 30 South, Range  
33 West, Haskell County, Kansas.

4. The SWLVLU 21 was originally perforated in the Lansing Formation but was not actively produced and was shut-in as inactive.

5. Pursuant to K.A.R. 82-3-111, Merit sought and obtained temporary abandonment status for said well on or about March 7, 2012.

6. On or about July 14, 2022, the Kansas Corporation Commission notified Merit of the KCC's denial of renewal of temporary abandonment status for the well due to the limitation period of ten (10) years imposed by K.A.R. 82-3-111.

7. K.A.R. 82-3-111 imposes a 10-year limitation on the amount of time during which wells may be temporarily abandoned, but an exception to the 10-year limitation may be obtained pursuant to said regulation through an Application filed with the Commission pursuant to K.A.R. 82-3-100. Applicant seeks such an exception.

8. Merit wishes to continue temporary abandonment status for the subject well because Merit intends to use the well as part of an enhanced oil recovery project. The SWLVLU 21 watered out shortly after injection began in the SWLVLU because the SWLVLU 21 artificial lift capacity was unable to keep up with offset injection rates. There has been success in this flood in reactivating wells and upgrading their artificial lift capacity. The SWLVLU 21 is up on the edge of the structure and is a good candidate for reactivation with updated artificial lift capacity. It is estimated this well can increase unit production between 8-10 BOPD and recover 13-14 mbo.

9. On July 27, 2022, the subject well passed a Commission Staff-witnessed mechanical integrity test of the casing between the surface and a point within fifty (50) feet above the uppermost perforations.

10. There are 47 wells on the lease including 24 injection wells, 19 producing wells, and 4 inactive wells. It would cost an estimated One Million One Hundred Seventy-Five Thousand Dollars (\$1,175,000.00) to plug this well and the remaining wells on the lease. A current 30-day average production rate for the lease is 55 BOPD. A basic estimation of remaining reserves is 266.590 MBO gross 1PDP. In order to reactivate the SWLVLU 21 well and upgrade the artificial lift capacity, it would cost approximately Sixty Thousand Dollars (\$60,000.00) based on current prices. It would cost an estimate of Six Hundred Fifty Thousand Dollars (\$650,000.00) based on current prices to drill and complete a replacement well.

11. Merit has included a plat map, attached as Exhibit A, showing the locations of all producing, injection, temporarily abandoned, abandoned and plugged wells located on the same lease premises as the subject well.

12. Based on the foregoing, Merit requests the Commission grant an exception to the 10-year limitation, specifically to allow the SWLVLU 21 well to remain eligible for temporary abandonment status for three (3) years following the expiration of 10-year limitation. Merit understands that the exception would be valid for three (3) years, but Merit would still need to apply annually to the Conservation Division District Office for approval of an Application for temporary abandonment status.

13. Listed in attached Exhibit B are the names and addresses of the following persons:

- A. Each operator of each oil and gas lease covering lands within one-half (1/2) mile radius of the subject well; and

B. Each person who owns any mineral interest of record in and under any lands located within one-half (1/2) mile radius of the subject well if unleased.

14. That the Applicant has sent by regular mail a copy of this Application and Notice of Pending Application to all persons listed on the attached Exhibit B.

15. Notice of this Application will be published pursuant to K.A.R. 82-3-135a.

16. WHEREFORE, Merit prays that this matter be granted administratively without a hearing, or in the alternative be set for hearing, and upon hearing that the Commission grant Merit's request for an exception to the K.A.R. 82-3-111 10-year limitation, to allow the subject well to remain temporarily abandoned for three (3) years, subject to annual approval by the Conservation Division District Office of an application for temporary abandonment status.

Respectfully submitted,

MARTIN, PRINGLE, OLIVER, WALLACE  
& BAUER, L.L.P.

**NOTICE OF PENDING APPLICATION**

THE STATE CORPORATION COMMISSION  
OF THE STATE OF KANSAS

TO: ALL OIL AND GAS PRODUCERS, UNLEASED MINERAL INTEREST OWNERS, LANDOWNERS, AND ALL PERSONS WHOMSOEVER CONCERNED:

YOU, and each of you, are hereby notified that Merit Energy Company has filed an Application for an exception to the ten-year time limitation of K.A.R. 82-3-111 for the SWLVLU 21 well, located in the Southeast Quarter of the Southeast Quarter of the Northwest Quarter of the Northwest Quarter of Section 30, Township 30 South, Range 33 West, Haskell County, Kansas, API # 15-081-21735-00-01.

YOU are further notified that unless written protest is received by the State Corporation Commission within fifteen (15) days after publication of this Notice, the Application in this matter can be granted by administrative approval after said 15 day period. Any such protest should be mailed to the State Corporation Commission of the State of Kansas, Conservation Division, 266 North Main, Suite 220, Wichita, Kansas, 67202, and to the Applicant at the address shown.

All parties in any wise interested or concerned shall take notice of the foregoing and govern themselves accordingly.

Merit Energy Company.
