Jack McFadden

I am appealing this default order, that I received in the mail.

In my phone conversation with John on Oct 8 I explained to him.

I received the letter from them to continue the hearing to Oct 7.

No where in the continuation letter were there any instructions of how the hearing was to be, ie they call me or I call them. I assumed they would call me as they did last hearing. After i hadn't heard from them , I called at 4.30 on the 7th of Oct was unable to get in touch with any of the hearing officers so left a voice mail.

John told me on the 8th in our phone conversation , I would have 10 days to appeal the decision.

No where in the Motion for default order does it say i have 10 days .

With that being said , i am requesting a appeal.

Thank you

Jack McFadden
