To whom it may concern,

My name is Mike Staley, I have been named in a petition for increased pressure to the Latimer Well #2.

I own the 4.6 acre tract at N1/2 N1/4 of section 7-335-1W, which has the mailing address of 119 East 60th Street South, Wellington Kansas, 67752.

On this tract is my 2-story home which has only a water well to supply water to the home. It also has a basement under the home and cement foundation. An increase in the Latimer Well #2's pressure has the ability to damage water well, basement and foundation to my home.

I do not want an increase in the pressure at said well.

Please make note that this is my hand written response to your petition. Written, signed and send to you on the 29th day of August, 2014. I do have a copy in my file.

If you need to contact me you may do so at my address of as follows:
