RE: WTC Communications Inc. video authorization application

Dear Ms. Duffy:

Submitted herewith for filing is the application of our client WTC Communications Inc. for video franchise authority. The application is in the required digital form; however, the proprietary software format required by the Commission evidently does not permit the inclusion of material information affecting the projected date(s) requested in Paragraph 6 of the application. For that reason the data disk with required information is being supplemented by a paper document with the clarifying information. We ask that the disk and the paper submission be considered together as constituting our client's application.

WTC has asked us to act as counsel of record in connection with its application, and by this letter we wish to indicate our intent to serve that function. We would be happy to submit a separate entry of appearance if required. Should there be any questions or additional information required, please do not hesitate to contact me as noted above. Thank you.

Yours very truly,

Thomas E. Gleason, Jr.

Date: April 10, 2008
Applicant's Name: WTC Communications Inc. d/b/a: _____
Address 1: 1009 Lincoln Avenue, PO Box 25 Phone: 785-456-1000
Address 2: _____
City: Wamego State: Kansas Zip: 66547-0025
Federal Employer Identification Number (FEIN): [REDACTED]

1. As an attachment, list company principal officers, titles and addresses.
2. As an attachment, list designated company contacts with addresses, phone numbers and email addresses, responsible for this application, ongoing regulatory contacts and consumer complaint matters.
3. Standing with Kansas Secretary of State's Office Good as of 4/9/2008.
4. Date of filing FCC Cable Community Registration form 322: See Attached.
5. By submitting this application, the applicant agrees to comply with all applicable federal and state statutes and regulations; and that applicant agrees to comply with all lawful and applicable municipal regulations regarding the use and occupation of public rights-of-way in the delivery of video services, including the police powers of the municipalities in which the service is delivered.
Initial indicating concurrence: SLS
6. As an attachment, identify the municipalities and provide a legal description of the service area footprint(s) to be served using Section, Township and Range references. Include the attached description on a computer disc in ESRI compatible format (.E00, or .shp) with a defined projection file. Each footprint should clearly state the date by which the provider will pass 100% of the encompassed households. Multiple service areas may include. See Attached.
7. As an attachment, provide a general description and drawing of the type or types of technologies to be used in serving the footprint(s) described above.

By submitting this application, the applicant agrees that it may not deny access to service to any group of potential residential subscribers because of the income of the residents in the local area in which such group resides. Initial indicating occurrence: SLS

Verification

I, Steven L. Sackrider, of lawful age, and being first duly sworn, now state: As an officer of the Applicant, I am authorized to do and hereby make the above commitments. I further affirm that all statements made above are true and correct to the best of my knowledge and belief.

Attachment #7

The off-air satellite channels are collected at the headend, processed into different frequencies, multiplexed together, and then distributed to the customer through a coaxial trunking system.
