Docket No. 06-GIMG-400-GIG

PETITION FOR RECONSIDERATION OF ORDER
INITIATING INVESTIGATION AND ASSESSING COSTS

COMES NOW Midwest Energy, Inc., (Petitioner) and for its
Petition for Reconsideration states as follows:

1. Commission issued its Order in the captioned matter
on October 19, 2005.

2. In the Commission's Order of October 19, 2005,
paragraph 18, it made the following order, to-wit:

"Pursuant to K.S.A. 66-1502, the
Commission finds that expenses reasonably
attributable to this investigation will
exceed \$100.00 and hereby assess the
expenses against Midwest Energy, Inc., and
Aquila, Inc. Additional, ONEOK Field
Services, Inc., is hereby assessed
expenses pursuant to K.S.A. 55-176."

3. Commission Staff has identified approximately 900
customers affected by this Order, and said total may not
include all wellhead customers.

4. Midwest Energy serves only about 100 of such
customers, based on recent or expected disconnections.

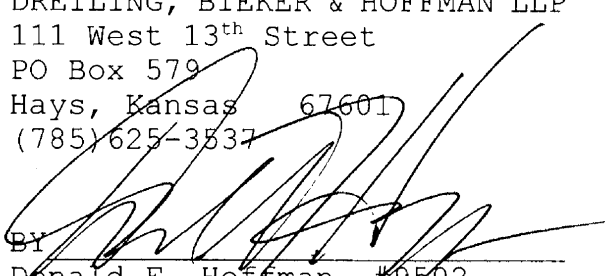

5. That attached to the Commission's Order is Exhibit "A", Active Gas Gatherers, listing 100 gas gatherers with no obligation to pay expenses incurred.

6. Petitioner agrees with the Commission that there are issues and policies regarding customers served directly or indirectly by gas gathering systems. However, Petitioner disagrees that it should bear one-third of the investigative expenses as implied by paragraph 18 of the Commission's Order.

7. That the issues, possible remedies and opposing interests involved in this proceeding will likely cause this to be a contentious docket with significant costs.

8. Petitioner requests that the Commission reconsider its Order of October 19, 2005, as it relates to the assessment of the investigative expenses.
