OBJECTION CONTESTING PENALTY ORDER

COMES NOW abel: estrada junior, the natural living private man hereby contest the penalty order By ground of error in paperwork due to misinformation of interstate vs. interstate but once it has been brought to my attention i have ever since corrected it. Why it took so long to get to that conclusion was the fact of emergency health issues. I have been fighting for my life for months and ended up in the hospital even losing body parts due to blood clots and mild stroke episodes.

It has been a long road to try and recover, I am still currently dealing with occupational Therapist, Physical therapist and wound care along with doctors appointments. However, my documentation now reflects the corrected innerstate and i had never used the interstate that was made in error and never planned to use the interstate for the KDOT.

I am disabled because of the health issues I'm facing and have enormous medical bills.

I pray that you can show some forgiveness for the error and not charge me penalties or sanctions for something that I never utilized nor meant to contract to and that I never intended to enter into. Thank you for your consideration and your leniency in the matter.

Sincerely,

Abel Estrada Jr. , Beneficiary
