THE STATE CORPORATION COMMISSION OF THE STATE OF KANSAS

STATE CORPORATION COMMISSION

Before Commissioners:	Thomas E. Wright, Chairman Michael C. Moffet Joseph F. Harkins		MAY 0 3 2009
In the Matter of Westar Energy, Inc. and Kansas Gas and Electric Company (KEG) d/b/a Westar Energy Seeking Commission)))	Docket No. 09-WSEE-737-TAR

Approval to Revise its Environmental Cost

Recovery (ECRR) Tariff.

CURB'S MOTION FOR EXTENSION OF TIME TO FILE COMMENTS

)

)

The Citizens' Utility Ratepayer Board (CURB) moves for an extension of time to file comments in the above-captioned docket.

Westar filed its initial application with the Commission to revise its Environmental Cost Recovery Rider (ECRR) on March 17, 2009. CURB petitioned to intervene on March 24, 2009, and the Commission granted intervention on April 1, 2009. During discovery, the Commission Staff identified several errors in Westar's filing, and filed a memorandum with the Commission on April 23, 2009, recommending approval of Westar's application with several modifications. In response to issues raised by Staff's memorandum, CURB filed nondisclosure certificates with the Commission on April 23 and 27, 2009, the latest not more than two business days after receiving the memorandum.

CURB issued discovery requests to Westar on April 27-again, not more than two business days after receiving Staff's memorandum. The responses are due May 11. The deadline for CURB's responsive comments as established for ECRR filings in Docket No. 07-WSEE-978-TAR is May 15. Assuming Westar's responses are timely (and not mailed via U.S. Mail), CURB

will have only four days to review the responses and prepare comments. If mailed, there will be less than four days to do so.

Given the errors identified by Staff, and given the magnitude of the surcharges that will impact customers—almost \$26 million for Westar North customers and almost \$8 million for Westar South customers, if Westar's full request is granted—ensuring that consumers are afforded adequate opportunity to review discovery responses and comment on Staff's recommendations is merited. A brief five-day extension of the deadline for comments need not delay final resolution of this docket, and even if it does, such a brief delay is not unreasonable given the millions of dollars at stake.

Thus, CURB requests a brief extension of the deadline for comments to May 22, 2009, allowing an additional five business days to file comments.

Respectfully submitted,/
