RE: DOCKET NO.: 15-CONS-371-CPEN

I would like to protest the penalty assessment on the well completion report on the following wells: DJ Daniels #1-14, Nelson #2-14, Nelson #3-14, Williams #1-14, Williams #2-14.

I feel this is an unfair penalty due to the fact even though the completion form was sent in before the deadline, the log was attached to the ACO1 form. An email was sent to me stating it was reported incorrectly. The email stated I had 30 days to make the correction on the form. I was out of state for two weeks. When I returned, I received the email, corrected the mistake, and returned it on the KOLAR website on November 3, 2014. The State of Kansas approved the ACO1 on November 4, 2014. I feel the penalty is harsh because I made a mistake, and was out of town for two weeks when the email arrived, however, I corrected the mistake as soon as I returned.

Thank you for your understanding in this matter.

Sincerely,

Steve A. Becker
