Feb. 5, 2017

Dear Rene Stucky,

I am writing to protest two permit applications for Class II UIC wells owned by RJM Company, and also to ask for hearings for both:

Doll Lease Well No. 3 330 FSL 1860 FWL; located in the SW/4 of the Sec.27 Twp.18S R.11W, Barton County

and

Riedl Lease and Well No 1 2640 FSL 330 FEL; located in Sec.10 Twp.17S R.14W, Barton County

These wells are within 10 miles of the Cheyenne Bottoms wetlands, a critical and fragile ecosystem that is an important migratory stop for birds across North America. Because the Cheyenne Bottoms Wildlife Area is owned by the public, all Kansans have legal standing as owners. I use the area for recreation.

The risks of any unanticipated spills or contamination from toxic saltwater and the risk of induced seismicity from high-volume, high-pressure injection at this spot far outweigh the applicant's profit interest in injecting here.

I hereby request and authorize electronic notifications in this case and formally protest having to send this letter by snail mail, in direct violation of the spirit of the commissions Revised Order Authorizing the Electronic Transmission of Documents.

Best regards,

Cindy Hoedel
