Re: Docket No. 12-CONS-238-CPEN
Water injection application Hearing
Cypress # 1
Kingman County, Kansas.

Gentlemen:

This is in reference to the above docket and our application for a water injection application filed on the Cypress # 1 located in sec 29 T 29 S R 9 W. The above has been scheduled for a hearing to be held on June 21, 2012 and prefile testimony by June 1, 2012.

Atlas Operating is in the process of filing an amended application to inject produced waters into a zone other than the previously proposed viola and simpson intervals. As per our previous telephone conversation in response to your letter dated May 1, 2012 and in light of the amended application being filed the hearing may not be necessary. Atlas hence requests that the hearing scheduled for June 21, 2012 be cancelled.

If additional information required please advise.
Thanking you.

Yours Sincerely,
