OF THE STATE OF KANSAS**

Before Commissioners: Pat Apple, Chairman
Shari Feist Albrecht
Jay Scott Emler

In the Matter of Magellan Pipeline Company,)
L.P., Filing Tariff Revisions Replacing Tariff) Docket No. 17-MGPP-529-TAR
K.C.C. No. 36 With Tariff K.C.C. No. 37.)

SUSPENSION ORDER: JANUARY 22, 2018

NOW, the above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission) for consideration and decision. Having reviewed its files and records and being duly advised in the premises, the Commission makes the following findings:

1. On May 25, 2017, Magellan Pipeline Company, L.P. (MPL), a common carrier under K.S.A. 66-105, filed an Application with the Commission requesting approval of tariff K.C.C. No. 37. The proposed tariff increases the rates for intrastate transportation of petroleum products based upon the Federal Energy Regulatory Commission (FERC) indexing methodology, and makes other textual changes to correct page numbers and clarify certain information. MPL indicates that the rate increases will amount to an annual increase in revenue of \$61,500, based upon 2016 volumes. MPL requests that the Commission grant an effective date of July 1, 2017, for its request.

2. K.S.A. 66-117(c) states in part: "The commission shall not delay the effective date of the proposed change in rate, joint rate, toll, charge or classification or schedule of charges, or in any rule or regulation or practice pertaining to the service or rates of any such public utility or common carrier, more than 240 days beyond the date the public utility or common carrier filed its application requesting the proposed change. If the commission does not

suspend the proposed schedule within 30 days of the date the same is filed by the public utility or common carrier, such proposed schedule shall be deemed approved by the commission and shall take effect on the proposed effective date.”

3. A full investigation of the proposed tariff changes, which may result in a hearing, is deemed necessary and proper. Absent suspension, Commission Staff is without sufficient time to fully review, consider, and analyze whether the proposed changes should be approved.

4. The Commission finds and concludes that suspension of any potential effectiveness of the rates and/or terms proposed by MPL is required to allow sufficient time for full investigation of this matter. The effective date of the rates and/or terms proposed shall be suspended for a period not to exceed 240 days from the date the Application was made, May 25, 2017, until January 22, 2018. A Commission decision may be issued before such date.

IT IS, THEREFORE, BY THE COMMISSION ORDERED THAT:

A. Any decision regarding MPL’s proposed tariff adjustments shall be deferred until January 22, 2018. The Commission may issue a decision before such date.

B. The parties have fifteen (15) days, plus three (3) days if service of this order is by mail, from the date this order was served in which to petition the Commission for reconsideration of any issue or issues decided herein. K.S.A. 66-118b; K.S.A. 77-529(a)(1).

C. The Commission retains jurisdiction over the subject matter and parties for the purpose of issuing such further order, or orders, as it may deem necessary.

BY THE COMMISSION IT IS SO ORDERED.
