PENALTY ORDER

The above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission). The Commission, having been briefed on the issue by the Director of the Commission's Transportation Division, finds and concludes as follows:

I. JURISDICTION

1. Pursuant to K.S.A. 2015 Supp. 66-1,108b, 66-1,111, 66-1,112, 66-1,114, 66-1,114b and 66-1,115, the Commission is given full power, authority and jurisdiction to supervise and control motor carriers, as defined in K.S.A. 2015 Supp. 66-1,108, doing business or procuring business in Kansas, and is empowered to do all things necessary and convenient for the exercise of such power, authority and jurisdiction.

2. Pursuant to K.S.A. 2015 Supp. 66-1,129a, 66-1,130 and 66-1,142b, the Commission may suspend operations, revoke or amend certificates, and initiate sanctions or fines against every motor carrier and every person who violates any provision of Kansas law in regard to the regulation of such motor carriers and persons, or who fails to obey any order, decision or regulation of the Commission.

3. The Commission has the authority, pursuant to K.A.R. 82-1-237, to investigate an entity under the Commission's jurisdiction and order a hearing on the Commission's own motion when the Commission believes the entity is in violation of the law or any order of the Commission.

II. BACKGROUND

4. Todd Miller Trucking, Inc. (Todd Miller Trucking) operates under USDOT number 642959.

5. Todd Miller Trucking owns one truck and one trailer and operates interstate and intrastate commerce.

6. Todd Miller Trucking is a common motor carrier which primarily hauls grain, feed and hay.

III. STATEMENT OF FACTS

7. Pursuant to the jurisdiction and authority cited above, on April 8, 2016, Commission Staff (Staff) Special Investigator Verna Jackson conducted a compliance review of the operations of Todd Miller Trucking. A copy of the safety compliance review is included in this Penalty Order as Attachment "A" and is hereby incorporated by reference. As a result of this investigation, Ms. Jackson identified two (2) violations of the Motor Carrier Safety Regulations.

- a. On January 29, 2016, Todd Miller Trucking required or permitted its driver, Randy Gildersleeve, to operate a commercial motor vehicle, a 1999 Kenworth, VIN ending in 837569, pulling a 2014 Timpette trailer, VIN ending in 143552, in intrastate commerce from Beattie, Kansas to Atchison, Kansas. This trip is evidenced by Driver's Time Record, a copy

of which is attached hereto as Attachment "B" and is hereby incorporated by reference. At the time of this transportation, Todd Miller Trucking failed to make an inquiry every 12 months into the annual motor vehicle record (MVR) of its driver and maintain the response(s) of each state agency in the driver qualification file. The carrier's failure to inquire into its driver's MVR at least once every 12 months and maintain a copy of the MVR in the driver qualification file is a violation of 49 C.F.R. Part 391.25(a) and (c), as adopted by K.A.R. 82-4-3g, as authorized by K.S.A. 2015 Supp. 66-1,112. Staff recommends a fine of \$100.

- b. During the transportation described in paragraph a., above, Todd Miller Trucking did not have Kansas Corporation Commission motor carrier operating authority to travel from point-to-point in Kansas. The carrier's commercial operation of motor vehicles prior to obtaining and maintaining proper Commission authority is a violation of K.S.A. 2015 Supp. 66-1,111 and 49 C.F.R. 392.2, as adopted by K.A.R. 82-4-3h and authorized by K.S.A. 2015 Supp. 66-1,129. Staff recommends a fine of \$500.

IV. STAFF'S RECOMMENDATIONS

8. Based upon the available facts, Staff recommends the Commission find Todd Miller Trucking committed two (2) violations of Kansas law that governs motor carriers, including various provisions of the Federal Motor Carrier Safety Regulations (FMCSRs), as adopted by the Kansas Administrative Regulations, and is therefore subject to sanctions or fines imposed by the Commission.

9. Additionally, Staff recommends a civil penalty of \$600 for two (2) violations of the Motor Carrier Safety Statutes, Rules and Regulations.

10. Staff further recommends that Todd Miller Trucking be required to attend a Commission-sponsored safety seminar within the next ninety (90) days and provide Staff with written proof of attendance. A schedule of the dates and locations for the safety seminar can be found on the Commission's website at http://kcc.ks.gov/trans/safety_meetings.htm.

11. Finally, Staff recommends that Todd Miller Trucking submit to one follow-up safety compliance review within the next eighteen (18) months. Staff will contact the motor carrier at a later date to determine an appropriate time for this review.

V. CONCLUSIONS OF LAW

12. The Commission finds it has jurisdiction over Todd Miller Trucking because it is a motor carrier as defined in K.S.A. 2015 Supp. 66-1,108.

13. The Commission finds Todd Miller Trucking committed two (2) violations of Kansas law that governs motor carriers, including various provisions of the Federal Motor Carrier Safety Regulations (FMCSRs), as adopted by the Kansas Administrative Regulations, and is therefore subject to sanctions or fines imposed by the Commission.

THE COMMISSION THEREFORE ORDERS THAT:

A. Todd Miller Trucking, Inc., of Wathena, Kansas is hereby assessed a \$600 civil penalty for two (2) violations of Kansas law governing the regulation of motor carriers, the Kansas Administrative Regulations and provisions of the Federal Motor Carrier Safety Regulations, as adopted by the Kansas Administrative Regulations.

B. Todd Miller Trucking is hereby ordered to attend a Commission-sponsored safety seminar within the next ninety (90) days and is to provide Staff with written proof of attendance.

Further, Todd Miller Trucking is ordered to submit to one follow-up safety compliance review within the next eighteen (18) months.

C. Pursuant to K.S.A. 2015 Supp. 77-537 and K.S.A. 77-542, any party may request a hearing on the above issues by submitting a written request, setting forth the specific grounds upon which relief is sought, to the Commission's Secretary, at 1500 S.W. Arrowhead Road, Topeka, Kansas 66604 within fifteen (15) days from the date of service of this Order. If service is by certified mail, service is complete upon the date delivered shown on the Domestic Return Receipt. Hearings will be scheduled only upon written request. Failure to timely request a hearing will result in a waiver of Todd Miller Trucking's right to a hearing, and this Penalty Order will become a Final Order assessing a \$600 civil penalty against Todd Miller Trucking, and ordering Todd Miller Trucking to attend a Commission-sponsored safety seminar within the next ninety (90) days and provide Staff with written proof of attendance, and to submit to a safety compliance review within eighteen (18) months from the date of service of this Order.

D. Attorneys for all parties shall enter their appearances in Commission proceedings by giving their names and addresses for the record. For civil penalties exceeding \$500, a corporation shall appear before the Commission by its attorney, unless waived by the Commission for good cause shown and a determination that such waiver is in the public interest. K.S.A. 77-515(c); K.A.R. 82-1-228(d)(2); K.A.R. 82-1-202(a). For civil penalties of \$500 or less, a corporation may appear by a duly authorized representative of the corporation. K.S.A. 2015 Supp. 66-1,142b(e) and amendments thereto.

E. If you do not request a hearing, the payment of the civil penalty is due in thirty (30) days from date of service of this Order. Checks and Money Orders shall be payable to the

Kansas Corporation Commission. For credit card payments, include type of card (Visa, MasterCard, Discover, or American Express), account number and expiration date. Payments shall be mailed to the Transportation Division of the Kansas Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, Kansas 66604. *The payment shall include a reference to the docket number of this proceeding.*

F. Failure to pay the \$600 civil penalty within thirty (30) days of the service of this Penalty Order, *see* K.S.A. 66-1,105, and/or failure to comply with the provisions of this Order, may result in suspension of Todd Miller Trucking's motor carrier operating authority without further notice. Additionally, the Commission may impose further sanctions to include, but not limited to, the issuance and enforcement of out-of-service and/or cease and desist orders, and any other remedies available to the Commission by law, without further notice.

G. The Commission retains jurisdiction over the subject matter and the parties for the purpose of entering such further orders, as necessary.

BY THE COMMISSION IT IS SO ORDERED.

Safety Management Process Breakdowns and Remedies

1. FMCSA recently announced planned improvements to the Carrier Safety Measurement System (SMS) which was implemented in December 2010 as part of the Agency's broader Compliance, Safety, Accountability (CSA) initiative. A preview of these improvements is currently available to motor carriers. The system changes are scheduled to be available to the public in July 2012. There will be additional opportunity for public comment on the changes after the preview period ends in July 2012.

The improvements to SMS are based on ongoing analysis and feedback from enforcement personnel, the motor carrier industry, and other stakeholders. The changes more effectively identify and prioritize high-risk and other unsafe motor carriers for enforcement interventions designed to reduce commercial motor vehicle crashes and hazardous materials incidents.

Motor carrier's currently have the ability to preview how the improvements impact their individual safety data in SMS. These improvements include: (1) Changes to the SMS methodology that identify higher risk carriers while addressing industry biases; (2) better applications of SMS results for Agency interventions by more accurately identifying safety sensitive carriers (i.e., carriers transporting people and carriers hauling hazardous materials (HM)), so that such firms can be selected for CSA interventions at more stringent levels; and, (3) more specific fact-based displays of SMS results on the SMS Web site.

The data preview may be found at <http://csa.fmcsa.dot.gov/>. During the data preview period, the Agency requests comments on the impacts of the changes.

2. DRIVER FITNESS BASIC PROCESS BREAKDOWN: Monitoring and Tracking

DESCRIPTION OF PROCESS BREAKDOWN: Todd Miller Trucking Inc failed to inquire into the driver's driving record annually. As such the carrier would not have been able to determine if the driver was qualified to operate a CMV. Verifying the driver's driving record annually not only supports compliance but allows the motor carrier the opportunity to validate the driver's license continues to be valid.

BASIC SPECIFIC RECOMMENDED REMEDIES

Implement Safety Improvement Practices: The following are recommended practices related to Monitoring and Tracking Processes.

- Implement an effective process for monitoring and documenting all drivers' job functions, training, qualifications, renewal dates, disclosed medical conditions, and operational restrictions, including those of drivers on a waiver program or with impairments that may be satisfied by a Skill Performance Evaluation certificate, to ensure that assignments are covered by qualified drivers.
- Review and retain each driver's Motor Vehicle Record (MVR) at least annually to ensure compliance with company policies, Federal regulations, and State and local laws and ordinances related to driver fitness. If a driver seems to have numerous violations, the MVR should be reviewed more often. Random MVR checks in addition to annual checks are also effective. File the MVR in each driver's driver qualification file after review.
- Maintain each driver's investigation history file in a secure location with limited and controlled access for as long as the driver is employed and for three years thereafter.
- Evaluate personnel who are monitoring driver fitness performance by making sure they are reviewing driver-assignment and qualification files; applying the performance standards fairly, consistently, and equitably; and documenting the evaluations.
- When monitoring and tracking any driver-fitness-related issue, always assess whether it is individual or represents a systemic breakdown in one of the Safety Management Processes (Policies and Procedures, Roles and Responsibilities, etc.).

Seek Out Resources:

- You are encouraged to review your company's record at the following website: <http://ai.fmcsa.dot.gov/SMS>. You will need to use your PIN Number that has been provided by the FMCSA.
- Contact industry associations to get resources and ideas on safety improvement practices from other carriers in the industry.

3. As required by 391.25(a), motor carriers shall, at least once every 12 months, make an inquiry to obtain the motor

Review Date:

Safety Management Process Breakdowns and Remedies

vehicle record of each driver it employs, covering at least the preceding 12 months, to the appropriate agency of every State in which the driver held a commercial motor vehicle operator's license or permit during the time period.

4. Per 49 CFR 391.51(b)(5) and (b)(6), the motor carrier is required to process an annual review and certification of the driver's driving record - 391.51(b)(5) A note relating to the annual review of the driver's driving record as required by 391.25(c)(2); 391.51(b)(6) A list or certificate relating to violations of motor vehicle laws and ordinances required by 391.27.
5. Intrastate operation beyond exempt radius in Kansas requires carrier to obtain KAN-C operating authority from Kansas Corporation Commission prior to operating in commerce. Records indicate the carrier transported Y-Corn from Beattie, KS to Atchison, KS, a distance of 86.6 miles per MapQuest.
6. For all Investigations:
 - Understand Why Compliance Saves Time and Money: Compliance with FMCSRs will not only save lives, but also saves your business time and money. Tracking how much your business spends on non-compliance activities can help you understand the many benefits of compliance to your business and why safety is good business.
 - Document and Follow Through on Action Plans: Document and follow through on action plans to ensure the actions you are taking are creating improvement in safety management and compliance.
 - NOTICE: A pattern and/or repeated violations of the same or related acute or critical regulations (violations of the same Part in Title 49, Code of Federal Regulations) will cause the maximum penalties allowed by law to be assessed under Section 222 of the Motor Carrier Safety Improvement Act of 1999 (MCSIA). A pattern of violations means two or more violations of acute and/or critical regulations in three or more Parts of Title 49, Code of Federal Regulations discovered during any eligible investigation. Repeated violations means violation(s) of an acute regulation of the same Part of Title 49, Code of Federal Regulations discovered in an investigation after one or more closed enforcement actions within a six year period and/or violation(s) of a critical regulation in the same Part of Title 49, Code of Federal Regulations discovered in an investigation after two or more closed enforcement actions within a six year period.
 - NOTICE: 49 CFR Part 391.23 requires prospective employers to, at a minimum, investigate a driver's employment information, crash record, and alcohol and controlled substances history from all employers the driver worked for within the previous 3 years.

The Pre-Employment Screening Program (PSP) is a screening tool that assists motor carriers in investigating crash history and roadside safety performance of prospective drivers. The PSP allows motor carriers to purchase 5 years of crash data and 3 years of roadside inspection data from the Federal Motor Carrier Safety Administration's (FMCSA) Motor Carrier Management Information System (MCMIS). Records are available 24 hours a day via Web request. Motor carriers should visit the following website for more information:
<http://www.psp.fmcsa.dot.gov/Pages/default.aspx>

- All motor carriers and truck drivers are needed to fight against terrorism and hijacking. You could be a target. Protect yourself, your trucks, your cargo, and your facilities.

For all Investigations that could result in a Penalty Order:

- PLEASE NOTE: The violations discovered during this compliance review may affect the civil penalty proposed in any subsequent Penalty Order. In addition, your history of prior violations of the Federal Motor Carrier Safety Regulations, Federal Hazardous Material Regulations or the Federal Motor Carrier Commercial Regulations may also affect the civil penalty proposed in any subsequent Penalty Order. Your signature for receipt of this report acknowledges your understanding that the violations discovered by the KCC during this review may be used to calculate any civil penalty proposed as a result of this review. Your signature is not an admission of the violations identified.
