Energy Efficiency, Demand Response and)
Educational Programs, and to Implement a Rider)
for Recovery of Program Costs and Incentives)
Associated with this Portfolio.)

Docket No. 10-KCPE-795-TAR
ELECTRIC

MOTION FOR PROTECTIVE ORDER

COMES NOW, Kansas City Power & Light Company (“KCP&L”), and hereby moves the State Corporation Commission of the State of Kansas (“Commission” or “KCC”) to issue a Protective Order in this docket. In support of its motion, KCP&L states:

1. On June 11, 2010, KCP&L filed an Application and supporting testimony opening this docket. The testimony contains certain confidential and proprietary information, as defined in K.S.A. 66-1220a, K.S.A. 66-1233 and K.A.R. 82-1-221a. Additionally, during the course of discovery and investigation of the Application, KCP&L anticipates that the parties could seek the production of documents and information from KCP&L that may contain confidential, proprietary and/or commercially sensitive material.

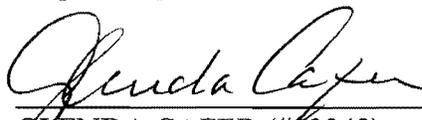

2. KCP&L requests that the Commission issue its standard protective order to govern this proceeding, in order to protect KCP&L and the parties from disclosure of sensitive, proprietary, and highly confidential information, and to facilitate the investigation of this matter.

3. The Commission has substantial latitude in deciding when a protective order is appropriate and the degree of protection that is required. A Protective Order will enable the

Commission to manage the discovery process in a manner that furthers the goal of full disclosure of relevant, non-sensitive information, while at the same time protecting participants from harm that could result from the unregulated disclosure of commercially-sensitive information.

WHEREFORE, KCP&L respectfully requests that the Commission issue the requested Protective Order and that the said Protective Order apply to all parties in this proceeding.

Respectfully submitted,

GLEND A CAFER (#13342)
