Cingular has not been designated as an eligible telecommunications carrier ("ETC") in Kansas and thus, was not served with the Order opening this investigation. Although not an ETC, Cingular is affected by and has an interest in the issue of whether wireless carriers should use billing address ("BA") versus primary place of usage ("PPU") in calculating KUSF assessments. Cingular has discussed this issue with Staff previously, and has presented the issue to the Commission as part of Dkt No. 04-AT&T-

926-KSF. The BA/PPU issue has broader application than just to carriers designated as ETCs.

Cingular recognizes that the Commission's Order opening this docket set December 1, 2005 as the date by which entries were to be filed. However, since Cingular is not an ETC, it was not served with the Order. Cingular has only now become aware of the fact that the BA/PPU issue was being included in this docket.

Cingular has contacted Staff and Staff has stated that they have no objection to this late-filed Entry of Appearance.

Respectfully submitted,

GLEND A CAFER (#13342)
