

II. FINDINGS OF FACT

4. Apollo Energies, Inc. (Operator) conducts oil and gas activities in Kansas under active license number 30481.

5. Operator filed an application requesting an exception to the 10-year limit on TA status for the Brown #1-12 well, API #15-033-21120-00-01.

6. Operator has verified that notice was properly served and published, as required under K.A.R. 82-3-135a, at least 15 days before the issuance of this Order.

7. No protest was filed under K.A.R. 82-3-135b.

8. On September 19, 2018, Operator successfully tested the subject well for mechanical integrity.

9. The Commission finds the application and the mechanical integrity test sufficient to support the administrative grant of this application.

III. CONCLUSIONS OF LAW

10. The Commission finds and concludes that it has jurisdiction over Operator and this matter.

11. The Commission finds and concludes that the Operator's application was filed in accordance with the rules and regulations of the Commission and in accordance with Kansas statutes.

12. The Commission finds and concludes that notice was properly served and published.

13. Based on the above facts, the Commission finds and concludes that the application should be granted to prevent waste and protect correlative rights, because Operator

has demonstrated a potential future use for the well, and there is not a present threat to fresh and usable water.

THEREFORE, THE COMMISSION ORDERS:

A. Operator's application for an exception to the 10-year limit on TA status for the subject well is granted for three years, calculated from the date the application was filed. Operator must file an annual TA form for the subject well. The first TA form shall be filed within 30 days.

B. Any party may file and serve a petition for reconsideration pursuant to the requirements and time limits established by K.S.A. 77-529(a)(1).²

BY THE COMMISSION IT IS SO ORDERED.

Albrecht, Chair; Emler, Commissioner; Keen, Commissioner

Date: 11/06/2018

Lynn M. Retz
Secretary to the Commission

Date Mailed: 11/07/2018
