Re: Eastern Kansas Operating LLC - Application for Vacuum Operations on Natural Gas Wells on the Fischer Lease located in Miami County, Kansas. License NO. 34971

Fischer 6-21, SE, NW, SE, NW, Section 21, Township 16S, Range 25E

Docket No. 18-CONS-3141-CVAC

Dear Mr. Myers,

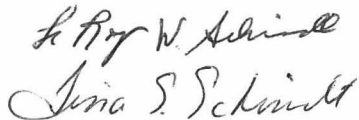

We would like to file our objections with the Corporation Commission of the State of Kansas concerning the above stated application. Our concerns are listed below.

1. Our correlative land and mineral rights as property owner will be violated..
2. Concern of our future gas supply if a future gas well were ever pursued on our property.
3. Concerns of water usage and disposal.
4. Concern this may affect our property value and neighboring property values now and in the future.
5. The current noise level from the wells is annoying and unacceptable to us, leaving us to be concerned about future noise levels from the vacuum process.
6. The Exhibit B map provided in the application lacks information.

Thank you for your time and look forward to your reply.

Sincerely,

LeRoy and Tina Schmidt

cc: Eastern Kansas Operating, LLC
