**Re: 08-KGSG-723-CPL**

Dear Ms. Chaney-Tucker:

The Commission's Order in Docket No. 05-ATMG-643-GIG required, at paragraph 13.g., the Joint Applicants to file their policies and procedures for recovering uncollectible accounts and, at paragraph 13.h., to notify the Commission any time those policies and/or procedures changed. Docket No. 08-KGSG-723-CPL was created to receive these required compliance filings.

Kansas Gas Service plans to implement such a modification, which is described in the attachment to this letter. Due to the timing of the initiative, which would, if disclosed, inhibit the collection efforts on a portion of our delinquent accounts, we have marked the document as "Confidential" and request that it not be immediately made available for public disclosure.

Sincerely,

*Victoria Noriega-Reyes*
