

**BEFORE THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS**

In the Matter of An Investigation to Determine the Affordable Local Service Rates for Rate-of-Return Regulated Carriers and the Annual Assessment Rate for the Twenty-Ninth Year of the Kansas Universal Service Fund, Effective March 1, 2025.

Docket No. 25-GIMT-141-GIT

**NOTICE OF ALLOCATION METHODOLOGY
UTILIZED BY SPECTRUM ADVANCED SERVICES, LLC**

COMES NOW Spectrum Advanced Services, LLC (“Spectrum”), by its undersigned counsel, to notify the State Corporation Commission of the State of Kansas (“Commission”) of the methodology used by Spectrum to allocate revenue to the intrastate jurisdiction for purposes of the Kansas Universal Service Fund (“KUSF”). For its Notice, Spectrum states as follows:

1. Pursuant to K.S.A. 66-2008(a), the Commission requires “every telecommunications carrier, telecommunications public utility and wireless telecommunications service provider that provides intrastate telecommunications service and, to the extent not prohibited by federal law, every provider of interconnected VoIP service, as defined by 47 C.F.R. 9.3 (October 1, 2005), to contribute to the [Kansas Universal Service Fund] on an equitable and nondiscriminatory basis.” On December 27, 1996, in Docket No. 94-GIMT-478-GIT, the Commission stated the contribution would be an annual assessment on each provider’s intrastate retail revenues.

2. In its January 24, 2012 *Order Setting the Kansas Universal Service Fund Assessment Rate for Year Sixteen and Cancelling Hearing* (“Order”) in Docket No. 12-GIMT-168-GIT (“12-168 Docket”), the Commission directed all wireless carriers and interconnected

VoIP providers that use the direct assignment or traffic study methodology to update their factors at least annually.

3. On February 1, 2012, the Commission issued its *Amended Order Setting the Kansas Universal Service Fund Assessment Rate for Year Sixteen and Cancelling Hearing* (“Amended Order”) in the 12-168 Docket. In its Amended Order, among other things, the Commission adopted Staff’s recommendation that wireless and VoIP providers are required to submit a pleading to the Commission if the provider elects to use an allocation methodology other than the Safe Harbor. A pleading must also be filed if a company elects a new methodology. The Commission further adopted Staff’s recommendation that companies provide an affidavit, signed by an officer of the company, verifying that the same methodology and the inverse traffic factors are used for federal Universal Service Fund purposes. Companies are required to provide updates to their methodology and allocation factors at least annually, even if such pleading verifies that no change has occurred. Amended Order at ¶¶ 8-9.

4. In accordance with the Commission’s above-referenced orders in the 12-168 Docket, Spectrum files this Notice and attached Confidential Affidavit of Alan Jones, Group Vice-President Tax, setting out Spectrum’s methodology for allocating intrastate revenue for KUSF (and inversely, federal USF) purposes during KUSF Year 29.

[The remainder of this page is intentionally left blank.]

WHEREFORE, Spectrum respectfully requests that the Commission accept the allocation methodology for KUSF purposes as described in the attached Confidential Affidavit of Alan Jones.

Respectfully submitted,

/s/ Mark P. Johnson
