Kansas Corporation Commission
/S/ Amy L. Gilbert

To: KCC

From: Joe Brake

Docket No: 15-CONS-173-CMSC

I would like to appeal this commission order

Relief is sought due to no violations on Brake Oils Part.

1a.) All orders were complied to -

1.) There is a Butler Cty. Civil Court case that exonerates Brake of all liability concerning "Kode" lease.

2.) KCC did not honor or respect Ks Const of Law

3.) KCC - rode & harassed Brake's co-workers
One of Brake's friends is dead now due in part to KCC actions, "Wrongful death."

4.) Brake complied and shut down his wells per K.C.C. order. - One well - LHH - was run to relieve well bore pressure to prevent pollution.

5.) Brake was strong armed - threat of loss of personal property and constitutional right to "Pursuit of Happiness"

6.) Brake incurred costs of over \$70,000.00 ~~in total~~
due to K.C.C. It would be fair if I am re-imbursed.

7.) KCC was wrong and showed impatience, lack of caring, resulting in tragedy.
