

Dear Mr. Snider,

14-CONS-241-CUIC

Please find the following objections to the injection wells proposed next to our property (4409 Hamilton Terrace Rantoul Ks). Our current wells are abandoned by EnerJex resources and our currently leaking, we feel like they fall with in the 1/4 mile range (per our measurements) to be capped before any permit to drill can be given to Town Oil. We have had them inspected by Mr. Larry Marchant (KCC) who told us they DID NOT qualify for temporary abandoned because the one is broken and leaking. We would like to have a hearing to discuss these and other matters or we would like the KCC to demand EnerJex resources plug the wells.

legal description of our (Forfeited lease) the Bernice Noe

NE quarter of section 5 township 18 s range 21 east of the 6pm in Franklin County lot 9

Neighbors lease-

Well name is Savage

NW quarter of section 5-18 s- 21 e

We had previously emailed you our concerns and spoke by phone, so we shouldn't have any problems falling in the 30 day time frame.

Sincerely,

Mark & Rebecca Enright
