Request for Hearing

Appeal the Fine for the U3-C on Earl Gray PDC #3 which was filed on 7/26/18.

They, 90 of them, were all accepted but I did not check that I had made a dating error on this Form when I sent it in on 7/26/18 by typing in 2016 vs 2017 for the year on this U3C.

On the date that I submitted a U3C Report on 7/24/18 that I had also forgotten to file out of the 90 that I should have filed. This same day I became quite sick and I filled out this remaining outstanding U3C Form for Earl Gray PDC #3 on 7/26/18.

On that same day, I was readmitted into the KU Med Center for 8 Consecutive Days and when I got home, I was still quite ill.

I failed to check this Well that I had made the typo on 2016 instead of 2017.

The other U3C form that I submitted on July 24, 2018; I submitted correctly.

Plus, in one sense the Order is in Error for I did submit it in a timely manner and provided 99% plus of information except for the typing error on the date.

So due to my serious and on going Health Problems and due to the fact that a more than a good faith effort to fill out this U3C Report was in fact made to the Commission.

I ask that under these Circumstances that this \$100 Failure to File Form for this Well be waived.
