

Docket No. 19-GIMM-100-KHP

To Whom It May Concern,

July 25<sup>th</sup> 2018

This letter is being written in regards to the Roadside Driver/Vehicle Examination Report No. KSHPO3500197 with the intent to Challenge said fine. Said fine includes "Failure to register and pay UCR fees" and "Brakes OOS (#defective = or > 20%)".

In regards to the "Brakes OOS (#defective = or > 20%)" fine, the brakes were compromised due to a blown fuse, which was replaced that same day.

For Unit 1 ("failure to register and pay UCR fees"), we have been in contact with Missouri DOT and was under the impression that we did not need to register and pay UCR fees due to being based in Missouri and this being the first time being pulled over in Kansas, leaving us unaware of the issue of not being registered.

We pray for these fees to be waived, due to the provided information and said problems being immediately corrected.

Sincerely,
