**AFFIDAVIT REGARDING CUSTOMER NOTICE**

G. Douglas Hewitt, being first duly sworn, deposes and says:

1. I am Senior Regulatory Analyst for Kansas City Power & Light Company (“KCP&L”).
2. The Commission instructed KCP&L to provide notice to its Kansas customers impacted by these dockets.
3. KCP&L mailed through the U.S. Postal Service, on June 11, 2015, a separate letter to each of its seven affected Kansas customers which provided notice describing the transfer of territory. A copy of the letter provided to the affected Kansas customers is attached to this affidavit as **Exhibit A**. This notice was reviewed and approved by the Commission’s Utilities Division Staff.

I do hereby certify that a true and correct copy of the above and foregoing Affidavit of Publication has been electronically served this 8<sup>th</sup> day of July, 2015 to all counsel of record in this case constituting official service and no hard copy will follow.

/s/ Roger W. Steiner

Counsel for Kansas City Power & Light Company

## EXHIBIT A

June 11, 2015

Dear Mr. :

Here at Kansas City Power & Light Company, (KCP&L), we greatly appreciate and value the opportunity to be your long-term electric service provider. In addition to providing safe, clean, reliable electricity, a key responsibility of ours involves periodic reviews of service territories. Therefore, we have recently partnered with Westar and the Kansas Corporation Commission (KCC) to review service territory boundaries in your area.

So what does "service territory" mean? The Retail Electric Suppliers Act, passed by the Kansas legislature in 1976, mandated that only one electric supplier be assigned to a given geographic area, or service territory. The KCC approved geographic boundaries for each electric supplier in which only one supplier could provide electric service.

The recent review of territory boundaries mentioned above has determined your address is located in Westar's service territory. Therefore, prior to KCC action, Westar is currently the electric utility with the obligation to provide your electric service.

As a result of this territory review, Westar and KCP&L have filed applications with the KCC to adjust the boundary at your location and grant KCP&L proper certificate authority to provide electric service at your address. We are providing this notice to inform you of the pending proceeding with the KCC, and our desire to retain your business.

KCP&L values you as a customer and wishes to continue serving you as we have for many years.

If you have any questions regarding this letter or the pending proceeding, please contact me at (816) 471-5275 or the KCC at 1-800-662-0027. If you desire to provide comments regarding this matter to the KCC, please provide comments by July 1, 2015.

Thank you again for your business!

Duane Anstaett  
Vice-President of Delivery
