NOTICE OF PUBLIC HEARING AND PUBLIC COMMENT PERIOD

ITC Great Plains, LLC (ITC Great Plains) has filed an application with the Kansas Corporation Commission (Commission) to request permission to build a new 345-kilovolt high-capacity transmission line from a new substation north of Hays in Ellis County, Kansas to the Kansas-Nebraska state line in Smith County, Kansas.

Exhibit #1

Public Hearing

The Commission has scheduled a public hearing about the location of ITC Great Plains' proposed transmission line, in order to provide members of the public with information and to allow them to testify before the Commission on the application.

Monday, April 12, 2010 at 7:00 p.m.
Stockton City Auditorium
115 South Walnut Street
Stockton, KS 67669

The public hearing will take place in two parts. First, a question and answer period will allow the public to ask ITC Great Plains representatives, Commission staff and Citizens' Utility Ratepayer Board (CURB) staff questions pertaining to the project. In the second part of the hearing, the public will be allowed to make formal statements to members of the Commission or their designated representative.

In addition, ITC Great Plains will be available at the site of the public hearing from 5-7 p.m. with detailed maps of the route location and a computer viewing system that can zoom in on the route and individual landowner properties. ITC Great Plains will be available to answer questions at that time.

Any person requiring special accommodations under the Americans with Disabilities Act needs to give notice to the Commission at least 10 days before the scheduled hearing by calling 1-785-271-3166 or 1-800-662-0027.

Public Comments

The Commission will accept written comments from the public through **Wednesday, May 12, 2010**. Written comments regarding the case should reference Docket No. 10-ITCE-557-MIS and should be emailed directly to the Kansas Corporation Commission Office of Public Affairs and Consumer Protection at public.affairs@kcc.ks.gov. Comments may also be submitted by mail to the Office of Public Affairs and Consumer Protection, Kansas Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, Kansas 66604-4027 or made by calling 1-800-662-0027.

The Commission will conduct a technical hearing, which is open to the public, concerning the proposed transmission construction project. This technical hearing is scheduled to begin on May 19, 2010, at 9:00 a.m. in the first floor hearing room at the Kansas Corporation Commission Topeka office, 1500 S.W. Arrowhead Road. At this hearing the Commission staff, ITC Great Plains representatives, and CURB staff will present their respective positions to the Commission.

The Commission must issue a decision by June 30, 2010, and is required to make a decision with respect to the necessity for the proposed transmission line and the reasonableness of the location of the proposed electric transmission line, taking into consideration the benefit to both consumers in Kansas and consumers outside the state and economic development benefits in Kansas.

ITC Great Plains' Transmission Line Proposal

ITC Great Plains has proposed to construct a 345-kilovolt high-capacity transmission line from a new substation north of Hays in Ellis County, Kansas, to the Kansas-Nebraska state line in Smith County, Kansas. For the company to construct the line, it must receive approval from the Commission. The Southwest Power Pool, the regional transmission provider for Kansas, has issued a Notification to Construct the project. Upon approval by the Commission, ITC Great Plains would then begin working with landowners to acquire easements. Once easements have been acquired, construction of the line would begin, with completion currently expected by the end of 2012. The company states in the application that this line will allow greater access to wind generation resources, ease congestion between Kansas and Nebraska, and allow system resources to be used more efficiently.

Information Available

For more information about the proposed project contact ITC at 785-783-2226 or skafeedback@itctransco.com. For more information about the public hearing or submitting comments, contact the Kansas Corporation Commission Office of Public Affairs and Consumer Protection by email at public.affairs@kcc.ks.gov or by phone at 1-800-662-0027.
