Section 4, Township 33 South, Range 11 West,) License No.: 30481
Barber County, Kansas.)
_____)

APPLICATION

COMES NOW Apollo Energies, Inc. ("Applicant") in support of its Application in the captioned matter and states as follows:

1. Applicant is a corporation authorized to do business in the State of Kansas. Applicant's address is 10378 North US Highway 281, in Pratt, Kansas.
2. Applicant has been issued by the Kansas Corporation Commission Operator's License 30481, which expires on August 30th of 2020.
3. Applicant is the owner and operator of the Early A-1 well, 15-007-00085 ("the subject well"), which is in the Northwest Quarter of Section 4, Township 33 South, Range 11 West, Barber County, Kansas. The subject well is located on an active oil and gas lease or unit comprising the following lands: West Half of the Northeast Quarter and the East Half of the Northwest Quarter of Section 4, Township 33 South, Range 11 West of the 6th P.M. Barber County, Kansas, containing 160 acres, more or less.
4. Pursuant to K.A.R. 82-3-111, the well was shut in, and the Applicant obtained temporary abandonment status, for the subject well in 2008. The subject well has maintained such status from 2008, to the present date.
5. On or about September 17th of 2019, the Kansas Corporation Commission notified Applicant temporary abandonment status for the subject well would be denied from

- and after October 15th of 2019, because subject well had been temporarily abandoned for more than ten (10) years.
6. K.A.R. 82-3-111 imposes a 10-year limitation on the amount of time during which wells may be temporarily abandoned, but an exception to the 10-year limitation may be obtained pursuant to said regulation through an Application filed with the Commission pursuant to K.A.R. 82-3-100. Applicant seeks such an exception.
 7. On September 10th of 2019, an Echometer was used to obtain a static fluid level in the subject well. The result showed a casing fluid level of 3512 feet from the surface.
 8. Applicant wishes to continue TA status for the subject well because Applicant intends to use the well for the following purpose: Immediate future for the lease includes evaluation of up-hole potential and a re-work including shooting new perforations in unexplored zones depending on evaluation results.
 9. Applicant submits the following information regarding the well in support of the Application: The well was produced after purchasing, but extremely low natural gas prices, coupled with exceedingly high gathering and meter charges by ONEOK, made continuing uneconomical. Hopes of better natural gas prices in the coming years makes us believe this well is worth saving and re-working.
 10. Applicant has included a plat map showing the locations of all producing, injection, temporarily abandoned, abandoned, and plugged wells located within ½ mile of the subject well.
 11. Based on the foregoing, Applicant requests the Commission grant an exception to the 10-year limitation, specifically to allow the subject well to remain eligible for temporary abandonment status for three (3) years following the expiration of the 10-year limitation. Applicant understands that the exception would be valid for three (3) years, but Applicant would still need to apply annually to the Conservation Division District Office for approval of an application for temporary abandonment status.
 12. Listed in the attached Exhibit "A" are the names and addresses of the following persons:
 - A. Each operator of each oil and gas lease covering lands within one-half (1/2) mile radius of the subject well; and

B. Each person who owns any mineral interest of record in and under any lands located within one-half (1/2) mile radius of subject well.

13. Notice of this Application will be published pursuant to K.A.R. 82-3-135a. In addition, notice of the hearing to be held in this matter will be provided as prescribed by K.A.R. 82-3-135.

WHEREFORE, Applicant prays that this matter be granted administratively without a hearing, or in the alternative be set for hearing, and upon hearing that the Commission grant Applicant's request, for an exception to the K.A.R. 82-3-111 ten (10) year limitation, to allow the subject well to remain temporarily abandoned for three (3) years, subject to annual approval by the Conservation Division District Office of an application for temporary abandonment status.

Respectfully Submitted,
