Docket No. ^{22-CONS-3100-CEXC} 21-CONS-_____-CEXC
CONSERVATION DIVISION
License No.: 34318

APPLICATION

COMES NOW Berexco LLC (“Applicant”) in support of its Application in the captioned matter states as follows:

1. Applicant is a corporation authorized to do business in the State of Kansas. Applicant’s address is 2020 N. Bramblewood, Wichita, Kansas 67206.

2. Applicant has been issued by the Kansas Corporation Commission Operator’s License #34318, which expires on October 30, 2021.

3. Applicant is the owner and operator of the Grace B #2-10 well, API #15-189-22609-00-00 which is located in the Southeast of the Northeast of the Southeast Quarter of Section 10, Township 34 South, Range 38 West, Stevens County, Kansas. The subject well is located on an active oil and gas lease or unit comprising the following lands:

SE/4 of Section 10 and S/2 of Section 6 and Township 34 South, Range 38 West
and SE/4 of Section 1, Township 34 South, Range 39 West, Stevens County,
Kansas.

4. Pursuant to K.A.R. 82-3-111, Applicant obtained temporary abandonment status for the Grace B #2-10 well on March 11, 2008. The subject well has maintained such status from March, 2008, to the present date.

5. On June 26, 2018, the Kansas Corporation Commission denied Applicant's request for temporary abandonment status for the subject well because it had been temporarily abandoned for more than ten (10) years. K.A.R. 82-3-111 provides for an additional exception to be obtained through an application filed with the Commission. Operator seeks such an exception.

6. On or about June 28th, 2021 the Kansas Corporation Commission notified Operator that the 3 year exception to K.A.R. 82-3-11 was expiring August 23rd, 2021. K.A.R. 82-3-111 provides for an additional exception to be obtained through an application filed with the commission. Operator seeks such an exception.

7. The subject well has demonstrated mechanical integrity, as evidenced by passage of a mechanical integrity test done August 12, 2021, which was witnessed by a member of the Kansas Corporation Commission staff.

8. Operator is keeping the well for use as a saltwater disposal well for its nearby producing leases. Estimated cost to convert to SWD is \$60,000. Cost to plug and abandon this well is \$25,000.

9. Operator has included a plat map showing the locations of all producing, injection, temporarily abandoned, abandoned, and plugged wells located on the same leased premises as the subject well.

10. Based on the foregoing, Operator requests the Commission grant an exception to the 10 year limitation, specifically to allow the subject well to remain eligible for temporary

abandonment status for the three (3) years following the expiration of the 10 year limitation, subject to yearly renewal with the appropriate Conservation Division District, but without further need to re-apply for a new exception each of the three (3) years prayed for in this application to the Commission.

11. Listed in the attached Exhibit "A" are the names and addresses of the following persons:

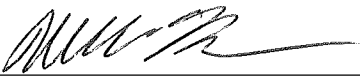

- A. Each operator of each oil and gas lease covering lands within one-half (1/2) mile radius of the subject well; and
- B. Each person who owns any mineral interest of record in and under any lands located within one-half (1/2) mile radius of the subject well (provided that such mineral interest is not covered by any oil and gas lease).

12. Notice of this application will be published pursuant to K.A.R. 82-3-135a. In addition, notice of the hearing to be held in this matter will be provided as prescribed by K.A.R. 82-3-135.

WHEREFORE, Applicant prays that this matter be granted administratively without a hearing, or in the alternative be set for hearing, and upon hearing that the Commission grant Applicant's request, for an exception to the K.A.R. 82-3-111 ten (10) year limitation, to allow the subject well to remain temporarily abandoned for three (3) years, subject to annual approval by the Conservation Division District Office of an application for temporary abandonment status.

Respectfully Submitted,
