**GENERAL RULES AND REGULATIONS
APPLYING TO ELECTRIC SERVICE****4. BILLING AND PAYMENT****4.01 BILLING PERIOD:**

Normally, the Company will read the Customer's meter monthly, and bills based on such monthly readings will be rendered at intervals of approximately one month. The Company shall have the right to read meters and render bills more frequently than monthly, and, in such event, the total of the minimums of such bills for any one month shall not exceed the monthly minimum required under the applicable rate schedule.

4.02 CONTENT OF BILLS:

A. Each bill for electric service shall show the following:

1. The beginning and ending meter registration for the reading period or the usage for the billing period obtained from an electronic meter except that an estimated bill should disclose that it is based on estimated usage;
2. The date the meter was read and the date of the bill;
3. The final date by which a payment can be received before a delinquency charge is imposed;
4. Actual or estimated usage during the billing period;
5. The amount due if payment is made prior to the final date by which payment can be received before the bill is deemed delinquent and the amount due if payment is received after the bill is deemed delinquent;

6. The amount of additional charges for past due accounts, security deposits, collection, reconnection and/or disconnection charges, installment payments and other utility charges authorized by the State Corporation Commission;
 7. The total amount due for the current billing period;
 8. The amount due, separately stated, for franchise taxes and sales taxes;
 9. The address and telephone number of the Company and the identification of the person or office where a Customer may report a disputed bill, make an inquiry concerning a bill, delinquency or termination of service, or otherwise inquire.
 10. General information explaining overall changes in rate changes in rates and customer changes must be made available to customers through bill inserts or direct mail when new rates are implemented due to a rate case.
- B. Any adjustments to previous billings which were based on estimated usage or Customer meter readings shall be shown on the bill. The adjustment shall be made after the Company has determined the actual usage by a meter reading, if available and usable pursuant to Rule 9.12(B)(1-3) and shall be calculated for the period between the prior and most recent meter reading available and usable by the Company. If the Customer owes the Company additional money as a result of the adjustment, except in cases under Rule 5.01(H) the Customer, upon his request, shall be permitted to pay the additional charge in equal monthly installments over a period the same amount of time at least equal to as the length of the adjusted billing period. If the Company owes the Customer a refund, it shall appear as a credit on the Customer's next bill. If the credit exceeds \$10, upon Customer request, the Company shall refund the overpayment.

**GENERAL RULES AND REGULATIONS
APPLYING TO ELECTRIC SERVICE**

- C. The Company may include on the bill for electric service other charges for special services. Special services are those not authorized by tariff or otherwise specifically regulated by the Commission, such as the sale of merchandise, insulation or services performed in connection therewith. Charges for special services shall be designated clearly and separately from charges for electric service. Partial payments shall be applied first to the balance currently due for utility service beginning with the oldest service debt, then to additional utility charges (such as disconnection, reconnection or returned payment fees) and then to special charges.
- D. If the Customer is paying under an average payment plan, each bill shall also clearly disclose the difference of the total amount paid to date as compared to the cumulative actual usage, in dollars, to date.
- E. If the Customer is paying an arrearage under the Cold Weather Rule or other payment plan, those monthly amounts shall be printed on the bill and clearly labeled.

4.03 PAYMENT OF BILLS:

- A. A bill for electric service supplied by the Company shall, upon rendition (by mailing or serving), become due and payable in the net amount thereof.
- B. A bill for electric service is considered paid when the full amount due is received by mail or at an authorized pay agent of the Company. Payments due on Saturday, Sunday or a legal holiday shall be considered as paid when due if received on the next business day.
- C. Bills for electric service may be paid in cash, ~~or~~ check, or with approved credit and debit cards. Non-residential Customers will be limited to \$5,000 per transaction and will pay to authorized agent a fee of 2.7%. Additionally, residential service customers may also pay by approved credit and debit cards.

Payment Plan, and shall not be eligible for participation in the Plan until all amounts owed are paid in full.

E. AVERAGE PAYMENT AMOUNT:

1. If the customer has twelve (12) months of usage history at the premises, the calculation of the Plan payment will be the average of the last twelve (12) months of bills for the customer. Each month, the Company will average the prior twelve (12) bills for the customer, along with the cumulative balance of the Plan payments compared to actual usage ((prior 12 bills + over/under balance) ÷ 12); commencing sixty (60) days from the effective date of the tariff, the Plan payment will automatically adjust on the next month's bill if there is more than a 10% variance in the calculation from the current Plan payment amount.
2. If the customer does not have twelve (12) months of usage history at the premises, the Plan payment will be the average of the last nine (9) months of bills for the customer.

If the customer does not have nine (9) months of usage history at the premises, but is otherwise eligible for an average payment plan, the customer must speak to a customer service representative (CSR). At that time, the CSR will manually calculate an average payment amount by viewing usage history of nearby customers with like premises.

For the purpose of calculating an average payment amount, "like premises" means premises of customers served under the same rate schedule for customers serviced under Residential Service rate schedules and "like premises" means premises of customers served under the same rate schedule and operating in a similar industry for customers serviced under Small General Service rate schedules.

The Customer elects to pay under the Plan if the Customer pays the Average Payment amount. A Customer may also elect to be billed under the Plan at any time by contacting the Company's Customer Care Center.
- D. **PAYMENT OF ARREARS UNDER THE PLAN:** Customers who have an account balance in arrears shall be informed of, and may elect to be billed on this Average Payment Plan, if the following conditions are satisfied:
1. The arrearage is not as a result of default of a previous payment agreement, including an agreement under the provisions of the Cold Weather Rule or this Rule 4.07(D);
 2. The arrearage is not as a result of tampering or diversion;
 3. The Customer agrees to pay, in twelve equal installments, an amount equal to the amount in arrears, divided by twelve (12), plus the Average Payment amount, to be determined in accordance with Rule 4.07(E).

Any Customer who fails to make timely payments of the Average Payment plus one-twelfth of the arrears amount, or who causes or permits diversion of electric service, shall be considered in default, and subject to disconnection in accordance with the provisions of Rule 5. The Company may require payment in full of the total amount in arrears as a condition of reconnection. A Customer who is in default will be removed from the Average Payment Plan, and shall not be eligible for participation in the Plan until all amounts owed are paid in full.

Sheet 9 of 12 Sheets

**GENERAL RULES AND REGULATIONS
APPLYING TO ELECTRIC SERVICE****E. AVERAGE PAYMENT AMOUNT:**

1. If the customer has twelve (12) months of usage history at the premises, the calculation of the Plan payment will be the average of the last twelve (12) months of bills for the customer. Each month, the Company will average the prior twelve (12) bills for the customer, along with the cumulative balance of the Plan payments compared to actual usage ((prior 12 bills + over/under balance) ÷ 12); commencing sixty (60) days from the effective date of the tariff, the Plan payment will automatically adjust on the next month's bill if there is more than a 10% variance in the calculation from the current Plan payment amount.
2. If the customer does not have twelve (12) months of usage history at the premises, the Plan payment will be the average of the last nine (9) months of bills for the customer.

If the customer does not have nine (9) months of usage history at the premises, but is otherwise eligible for an average payment plan, the customer must speak to a customer service representative (CSR). At that time, the CSR will manually calculate an average payment amount by viewing usage history of nearby customers with like premises.

For the purpose of calculating an average payment amount, "like premises" means premises of customers served under the same rate schedule for customers serviced under Residential Service rate schedules and "like premises" means premises of customers served under the same rate schedule and operating in a similar industry for customers serviced under Small General Service rate schedules.

Customers serviced under Small General Service rate schedules who have less than nine (9) months of usage history at the premises shall be ineligible for the plan if usage history of nearby customers with like premises is not available.

3. Adjustments:

- a. The monthly amounts payable under the Plan will be adjusted to reflect any rate schedule changes.
- b. The monthly amounts payable under the Plan may be adjusted for abnormal weather conditions, historical usage at the current premise, or other factors. The estimated annual adjusted billing, and thus the monthly level payment amount, may be revised if the earlier estimate was underestimated or overestimated due to customer use, weather conditions, rate tariff changes, or other factors.

4. Review of Contract:

Customer may, at any time, request that the Company review the account for a modification to the average payment amount

F. PAYMENT:

If the Average Payment Amount due is not paid before the delinquent date stated on the bill and the amount has a debit balance, the Customer will be billed a late payment charge in an amount equal to two percent (2%) of the Average Payment Amount due.

G. TERMINATION: The election shall continue from month to month, unless terminated upon the occurrence of any of the following events:

1. The Customer closes his account with the Company. The Company will render a final bill to the Customer based upon actual unpaid usage to date.
2. The Customer requests termination of Plan billing. Upon termination, the Customer's unpaid usage to the latest billing date plus any arrears shall be due and payable.

4.08 ESTIMATED BILL PROCEDURE:

A. ESTIMATION METHOD:

1. For customers with Advanced Metering Infrastructure (AMI) meters, when a current meter read is unavailable, the system will average consumption from the last read plus three-prior days to estimate the read. If that information is not available, a second estimation attempts will be made. The system will average the usage from five historical reads from the previous year. It will average the usage from the read in prior year from the same day as being estimated along with the three days prior and one day after. If the second estimation attempt is not successful, then the estimation is a manual process. The Billing Department will estimate usage based on historical usage information from the same premise and if and not available, the usage of customers with like premises.

5. DISCONTINUANCE OF SERVICE

5.01 DISCONTINUANCE OF ELECTRIC SERVICE:

The Customer shall at all times observe and perform his obligations to the Company under his service agreement. The Company may discontinue or refuse service for any of the following reasons:

- A. When requested by the Customer.
- B. When a bill becomes delinquent as specified in Rule 4.03 and after proper notice, as defined below in Rule 5.04, has been given the Customer.
- C. When a dangerous condition exists on the Customer's premises.
- D. When the Customer fails to provide credit information, security deposit or guarantee as specified in Rule 3 or has a previous undisputed and unpaid separate account for electric service with the Company.
- E. When the Customer misrepresents his or her identity for the purpose of obtaining electric service. If the Company has reason to suspect that the Customer has provided false or incomplete information for the purpose of obtaining electric service, the Company may require the Customer to provide positive proof of identity and/or residence pursuant to Rule 3.01(B).
- F. When the Customer refuses to grant Company personnel access, during normal working hours, to equipment installed upon the premises of the Customer for the purposes of inspection, meter reading, maintenance or replacement.
- G. When the Customer violates any rule of the Company which might adversely affect the Customer's or others' safety or the integrity of the Company's delivery system.

- A. The failure of the Customer to pay for special charges.
- B. The failure of the Customer to pay for service received at a concurrent and separate metering point, residence or location. In the event of discontinuance or termination of service at a separate metering point, residence, or location in accordance with the Rules, the Company may transfer any unpaid balance to any other service account with the Customer's written consent, provided, however, that in the event of the failure of the Customer to pay a final bill at any metering point, residence or location, the Company may transfer such unpaid balance to any successive service account opened by the Customer for the same class of service, and may discontinue service at such successive metering point, residence or location for nonpayment of such transferred amount.
- C. The failure of the Customer to pay for a different class of service received at the same location. The placing of more than one meter at the same location for the purpose of billing the usage of specific devices under optional rate schedules or provisions is not construed as a different class of service for the purpose of this Rule 5.02.
- D. The failure of the Customer to pay an amount which is disputed in good faith; provided, however, that the Customer pays amounts not in dispute.
- E. The failure to pay an unpaid service account more than five (5) years old if the service agreement was signed or three (3) years old if service was provided under an oral request for service.

- F. If a Residential Customer establishes with the Company that discontinuance of service would be especially dangerous to the health of the Customer, resident member of the Customer's family or other permanent resident at the Customer's service address and (i) such Customer is unable to pay for such service in accordance with the requirements of the Company's billing, or (ii) is able to pay for such service only in installments, the Company shall either allow payment in reasonable installments or postpone discontinuance of service for at least twenty-one (21) days so that the Customer can make arrangements for reasonable installment payments. In determining whether discontinuance would be especially dangerous to health, consideration shall be given to the weather, and the Customer's or other residents' medical condition, age or disability. The Company reserves the right to request written medical confirmation of the medical condition or emergency. The Company may allow installment payments of currently due amounts under a satisfactory credit arrangement.

5.03 AVAILABILITY OF COMPANY PERSONNEL:

Except for discontinuance pursuant to Rule 5.01(A), (C), (G), or (H), the Company shall not disconnect service of any Customer unless:

- A. The Company's offices or authorized personnel identified in the notice of disconnection pursuant to Rules 5.04(F)(6) are available one hour after disconnection and on the full day following disconnection for the purpose of making payment arrangements, or obtaining reconnection.
- B. The Customer has had an opportunity to pay, at the service address, amounts due for utility charges and thereby either avert disconnection or provide for reconnection.

3. Make an initial payment of 1/12th of the arrearage amount, 1/12th of the bill for current consumption, the full amount of any disconnection or reconnection fees, plus any applicable deposit, pursuant to 5.10(E)(1), and enter into an 11-month plan for payment of the rest of the arrearage, or enter a payment plan as negotiated with the utility for the payment of the arrearage amount; and
4. Apply for federal, state, local or other assistance funds for which the Customer is eligible.

D. RESPONSIBILITIES OF COMPANY:

1. Once a year, at least 30 days prior to the Cold Weather Rule period, the Company shall mail a written notice of the Cold Weather Rule to each residential Customer who is currently receiving service, and to each residential Customer who has been disconnected during or after the most recent cold weather period and who remains without service.
2. Send one written notice mailed first-class at least 10 days prior to termination of service. A Customer may not be disconnected until a 48-hour forecast above the activating temperature is predicted by the Kansas City area National Weather Service. During the first 24 hours, which will be the day prior to disconnection, the Company shall make at least one telephone call attempt with the Customer of record and make one attempt at a personal contact with the Customer of record on the day prior to termination of service if telephone contact on that day was not made. The telephone call attempt(s) and personal contact the day prior to disconnection is in addition to the already existing notice requirements contained in the 5.04. If the Customer is not contacted during the phone call(s) or the personal contact the day prior to termination of service, the Company employee shall leave a disconnect message on the door on the day prior to disconnect. There will be no charge for this service.

On the day of disconnection, the Company must receive a 24-hour forecast above the activating temperature from the Kansas City area National Weather Service. If the temperature is then forecast to be below the activating temperature, the disconnection may not be carried out and the Company must wait for another 48-hour forecast above the activating temperature and follow the same procedures prior to disconnection.

In the telephone contact(s), the 10-day written notice, the personal contact and the disconnect message on the door, in addition to the existing requirements in 5.04, the Company shall also inform the Customer of the existence of the Cold Weather Rule, that the Customer can avoid disconnection by complying with 5.10(C), and the telephone number of the Commission's Consumer Protection Office.

3. Inform the Customer of, or provide a list of the requirements of 5.10(C).
4. Inform the Customer of, or provide a list of organizations where funds are available to assist with payment of utility bills.
5. Inform the Customer of, or provide a list of all other pay arrangements for which the Customer might qualify. Prior to discussing any plan for Cold Weather Rule payments over a period of fewer than 12 months, the Company must inform the Customer of the Customer's right to have a level payment plan for current and future consumption and to have the arrearage amount paid through an initial payment and equal installment payments over the next 11 months.
6. Adopt and inform the Customers about a third-party notification plan.

E. OTHER PROVISIONS:

1. Security Deposits. The Company reserves its right under Rule 3.01 or 3.02 to require the Customer to make a cash deposit or furnish a surety bond. In lieu of a deposit or surety bond, a guarantee of payment by a third party, qualified in accordance with Rule 3.07 may be provided.
2. Default. The issuance of an insufficient funds check for the initial payment or for any installment of the payment plan, unless subsequently cured by the Customer, shall constitute a default of the Cold Weather Rule payment plan. A Customer who defaults on a Cold Weather Rule payment plan is not eligible for the arrearage average payment plan under 4.07(C) unless the arrearages from the prior Cold Weather Rule plan are paid. A Customer who defaults on a Cold Weather Rule payment plan is eligible to enter into a new Cold Weather Rule payment plan upon making an initial payment as set forth in Section 5.10(C)(3), paying any disconnect and reconnect charges, and complying with the Customer responsibilities provisions of section 5.10(C). A payment plan of any length that is negotiated by the Customer and the Company after the Customer has been informed of the payment plans required to be offered under the Cold Weather Rule is considered to be a Cold Weather Rule payment plan. However, a Customer with a payment plan of fewer than 11 months shall not be considered to be in default of the payment plan if the actual payments that have been made are equal or greater than the amount that would have been required under an 11-month payment plan for arrearages.
3. Renegotiation of Cold Weather Rule Agreement. The Customer should be encouraged to renegotiate Cold Weather Rule payments if the Customer receives utility or other lump sum assistance.

The Customer shall at all times observe and perform his obligations to the Company under his service agreement. The Company may discontinue or refuse service for any of the following reasons:

- A. When requested by the Customer.
- B. When a bill becomes delinquent as specified in Rule 4.03 and after proper notice, as defined below in Rule 5.04, has been given the Customer.
- C. When a dangerous condition exists on the Customer's premises.
- D. When the Customer fails to provide credit information, security deposit or guarantee as specified in Rule 3 or has a previous undisputed and unpaid separate account for electric service with the Company.
- E. When the Customer misrepresents his or her identity for the purpose of obtaining electric service. If the Company has reason to suspect that the Customer has provided false or incomplete information for the purpose of obtaining electric service, the Company may require the Customer to provide positive proof of identity and/or residence pursuant to Rule 3.01(B).
- F. When the Customer refuses to grant Company personnel access, during normal working hours, to equipment installed upon the premises of the Customer for the purposes of inspection, meter reading, maintenance or replacement.
- G. When the Customer violates any rule of the Company which might adversely affect the Customer's or others' safety or the integrity of the Company's delivery system.

5.02 EXCEPTIONS:

The Company shall not discontinue service for the following circumstances:

- A. The failure of the Customer to pay for special charges.
- B. The failure of the Customer to pay for service received at a concurrent and separate metering point, residence or location. In the event of discontinuance or termination of service at a separate metering point, residence, or location in accordance with the Rules, the Company may transfer any unpaid balance to any other service account with the Customer's written consent, provided, however, that in the event of the failure of the Customer to pay a final bill at any metering point, residence or location, the Company may transfer such unpaid balance to any successive service account opened by the Customer for the same class of service, and may discontinue service at such successive metering point, residence or location for nonpayment of such transferred amount.
- C. The failure of the Customer to pay for a different class of service received at the same location. The placing of more than one meter at the same location for the purpose of billing the usage of specific devices under optional rate schedules or provisions is not construed as a different class of service for the purpose of this Rule 5.02.
- D. The failure of the Customer to pay an amount which is disputed in good faith; provided, however, that the Customer pays amounts not in dispute.
- E. The failure to pay an unpaid service account more than five (5) years old if the service agreement was signed or three (3) years old if service was provided under an oral request for service.

- F. If a Residential Customer establishes with the Company that discontinuance of service would be especially dangerous to the health of the Customer, resident member of the Customer's family or other permanent resident at the Customer's service address and (i) such Customer is unable to pay for such service in accordance with the requirements of the Company's billing, or (ii) is able to pay for such service only in installments, the Company shall either allow payment in reasonable installments or postpone discontinuance of service for at least twenty-one (21) days so that the Customer can make arrangements for reasonable installment payments. In determining whether discontinuance would be especially dangerous to health, consideration shall be given to the weather, and the Customer's or other residents' medical condition, age or disability. The Company reserves the right to request written medical confirmation of the medical condition or emergency. The Company may allow installment payments of currently due amounts under a satisfactory credit arrangement.

5.03 AVAILABILITY OF COMPANY PERSONNEL:

Except for discontinuance pursuant to Rule 5.01(A), (C), (G), or (H), the Company shall not disconnect service of any Customer unless:

- A. The Company's offices or authorized personnel identified in the notice of disconnection pursuant to Rules 5.04(F)(6) are available one hour after disconnection and on the full day following disconnection for the purpose of making payment arrangements, or obtaining reconnection.
- B. The Customer has had an opportunity to pay, at the service address, amounts due for utility charges and thereby either avert disconnection or provide for reconnection.

**GENERAL RULES AND REGULATIONS
APPLYING TO ELECTRIC SERVICE**

On the day of disconnection, the Company must receive a 24-hour forecast above the activating temperature from the Kansas City area National Weather Service. If the temperature is then forecast to be below the activating temperature, the disconnection may not be carried out and the Company must wait for another 48-hour forecast above the activating temperature and follow the same procedures prior to disconnection.

In the telephone contact(s), the 10-day written notice, the personal contact and the disconnect message on the door, in addition to the existing requirements in 5.04, the Company shall also inform the Customer of the existence of the Cold Weather Rule, that the Customer can avoid disconnection by complying with 5.10(C), and the telephone number of the Commission's Consumer Protection Office.

3. Inform the Customer of, or provide a list of the requirements of 5.10(C).
4. Inform the Customer of, or provide a list of organizations where funds are available to assist with payment of utility bills.
5. Inform the Customer of, or provide a list of all other pay arrangements for which the Customer might qualify. Prior to discussing any plan for Cold Weather Rule payments over a period of fewer than 12 months, the Company must inform the Customer of the Customer's right to have a level payment plan for current and future consumption and to have the arrearage amount paid through an initial payment and equal installment payments over the next 11 months.
6. Adopt and inform the Customers about a third-party notification plan.

**GENERAL RULES AND REGULATIONS
APPLYING TO ELECTRIC SERVICE****E. OTHER PROVISIONS:**

1. Security Deposits. The Company reserves its right under Rule 3.01 or 3.02 to require the Customer to make a cash deposit or furnish a surety bond. In lieu of a deposit or surety bond, a guarantee of payment by a third party, qualified in accordance with Rule 3.07 may be provided.
2. Default. The issuance of an insufficient funds check for the initial payment or for any installment of the payment plan, unless subsequently cured by the Customer, shall constitute a default of the Cold Weather Rule payment plan. A Customer who defaults on a Cold Weather Rule payment plan is not eligible for the arrearage average payment plan under 4.07(C) unless the arrearages from the prior Cold Weather Rule plan are paid. A Customer who defaults on a Cold Weather Rule payment plan is eligible to enter into a new Cold Weather Rule payment plan upon making an initial payment as set forth in Section 5.10(C)(3), paying any disconnect and reconnect charges, and complying with the Customer responsibilities provisions of section 5.10(C). A payment plan of any length that is negotiated by the Customer and the Company after the Customer has been informed of the payment plans required to be offered under the Cold Weather Rule is considered to be a Cold Weather Rule payment plan. However, a Customer with a payment plan of fewer than 11 months shall not be considered to be in default of the payment plan if the actual payments that have been made are equal or greater than the amount that would have been required under an 11-month payment plan for arrearages.
3. Renegotiation of Cold Weather Rule Agreement. The Customer should be encouraged to renegotiate Cold Weather Rule payments if the Customer receives utility or other lump sum assistance.

6. CUSTOMER'S SERVICE OBLIGATIONS

6.01 CUSTOMER'S INSTALLATION:

Any and all wiring, appliances, or equipment required to transform, control, regulate, or utilize beyond the point of delivery the electric service supplied by the Company shall be furnished, installed and maintained by, and shall be the sole responsibility of the Customer.

6.02 PROTECTION EQUIPMENT:

Any Customer desiring protection against interruptions, phase failure, phase reversal, voltage variations or other temporary irregularities in electric service shall, at his own expense, furnish on such Customer's installation such protective equipment for such purpose.

6.03 CHOICE AND APPLICATION OF RATE SCHEDULES:

- A. The Customer shall be responsible for determining in advance, through application to the Company, the class or classes of electric service which will be designated by the Company and made available to the Customer and the applicable conditions of such electric service. The Customer shall be responsible for determining whether the Customer's installation and all portions thereof, are and will be suitable for operation at the voltage, phase and other characteristics of the class of service to be supplied by the Company.
- B. **POSTING:** The rate schedules of the Company currently in effect and on file with the Commission will be made available by the Company for inspection by any Customer during working hours at the regular business offices of the Company or may be viewed on the Company's website.

- C. **CHOICE BY CUSTOMER:** If a Customer is eligible to take electric service from the Company under any one of two or more applicable rate schedules available for the class of electric service to be supplied by the Company, the choice of such rate schedule shall lie with the Customer.
- D. **ASSISTANCE BY COMPANY:** A customer will be assisted by the Company in the selection of the rate schedule under which electric service will be supplied to such Customer, based on the information at hand, but the responsibility for the selection of such rate schedule shall lie with the Customer.
- E. **CHANGE OF RATE SCHEDULES:** After a Customer has selected an applicable rate schedule under which he elects to take electric service from the Company, he will not have the right to change his selection of his applicable rate schedule available for that class of electric service for a period of one year. However, the Company may permit the Customer to terminate his existing service agreement during such one year period and enter into a new service agreement under a different applicable rate schedule available for that class of service if the Customer's electrical requirements prove to be different from those originally estimated or if there is a change in the character or conditions of the Customer's electric requirements and such change is based upon permanent rather than temporary or seasonal conditions.

APPLYING TO ELECTRIC SERVICE****6.05 DANGEROUS OR DISTURBING USES:**

The Customer shall use the electric service supplied by the Company with due regard to the effect of such use on the Company's electric service to its other Customers and on the facilities and equipment of the Company. The Company may refuse to supply electric service or may discontinue electric service to a Customer, pursuant to Rule 5 if the Customer's installation is in an unsafe or dangerous condition or is so designed or operated as to disturb the electric service supplied by the Company to other Customers. Under no circumstances shall the Company be required to give notice of service disconnection when dangerous conditions threaten the safety of the Customer or others. Welding machines, large hoists and x-ray machines, primary capacitors, electric furnaces, equipment with excessive starting currents or intermittent or rapidly fluctuating load characteristics which adversely affect load regulation, and any experimental or unusual electric devices are expressly designated as disturbing uses and shall not be connected to the Customer's installation, except upon such prior special arrangements as may be made with the Company. If the Customer's installation of any such equipment requires the installation of separate or additional transformer capacity, the Company shall, upon request of the Customer, furnish and maintain such separate or additional transformer capacity and the Customer shall pay to the Company, in addition to his bill for electric service under the applicable rate schedule, a monthly rental charge therefor as set out in an applicable rate schedule.

6.06 INSPECTIONS AND RECOMMENDATIONS:

The responsibility of the Customer regarding his use of the electric service supplied by the Company is not set aside, and the Company shall in no way be liable, on account of any inspections or recommendations by the Company which are made as a courtesy to the Customer or as a protection to the electric service supplied by the Company to its other Customers. APPLYING TO ELECTRIC SERVICE****6.07 INCREASING CONNECTED LOAD:**

An industrial or commercial Customer shall assume full responsibility for impairing the quality of his service if the Customer's connected load is substantially increased without prior written notice to the Company. Any such Customer may substantially increase his connected load or exceed his total estimated demand therefrom as provided for in his service agreement, only after written request by the Customer and written from the Company that the Company's facilities are adequate to supply such increased load requirements of the Customer. For the purpose of this Rule, the term "substantial" shall mean fifteen percent (15%) or more.

6.08 FACILITIES LOCATION:

In the event the initial or subsequent demand of the Customer requires transformer capacity of 75 kva or more, the Customer shall, if required by the Company, provide on his premises necessary space and right-of-way for the installation by the Company of its transformation equipment and other necessary facilities. Such space, if enclosed, shall be adequately ventilation and otherwise acceptable to the Company. The Company shall have the right of full and free ingress to and egress from all of its electric facilities. After any such facilities have been located on the premises of the Customer, the cost of any subsequent change in the location thereof, made at the request of the Customer shall be paid by the Customer, if required by the Company.
