Kansas Corporation Commission Attention: Lynn Retz, Secretary to Commission 1500 SW Arrowhead Drive Topeka, Kansas 66604

Re: In the Matter of the Kansas Gas Service Compliance as Established in Dkt. No. 14-KGSG-100-MIS

Dear Ms. Retz:

Pursuant to Section III.E. of the Commission's Order in Docket No. 14-KGSG-100-MIS, the attached 2017-2018 Annual Service Standards Report shows monthly and annual statistics for the April 2017 through the March 2018 reporting period for: answered call rate, estimated bills per thousand customers, and average response time to odor reports. Also, attached is the 2017 Make Safe Report as also required in the above mentioned Order.

As noted in its June 29, 2017 Performance Standards Report, Kansas Gas Service met the requirements set forth in the Stipulation and Agreement (approved by the Commission) necessary to eliminate the penalty provisions contained within and is no longer required to report average age of leaks and number of Commission complaints responded to by the Company within 24 hours. Pursuant to the Agreement, this submission is the last Performance Standards Report required to the Commission.

If you have any questions or comments, please feel free to contact me.

Sincerely,

Janet L. Buchanan
