 Susan K. Duffy

In the Matter of the Application of Belport)	Docket No. 20-CONS-3076-CEXC
Oil, Inc. for an exception to the 10-year time)	
limitation of K.A.R. 82-3-111 for its Oscar)	CONSERVATION DIVISION
West #202, #204, #403, #406, and #407)	
wells located in the SW/4 of Sec 15 and the)	License No. 33809
NW/4 of Section 22, Township 22 South,)	
Range 14 West, Stafford County, Kansas.)	

ORDER GRANTING APPLICATION

The above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission). Having examined its files and records, and being duly advised in the premises, the Commission makes the following findings:

I. JURISDICTION

1. The Commission has the exclusive jurisdiction and authority to regulate oil and gas activities in Kansas.¹

2. A well shall not be eligible for TA status if the well has been shut in for 10 years or more without an application for an exception pursuant to K.A.R. 82-3-100 and approval by the Commission.²

3. An exception to the requirements of any regulation in this article may be granted by the Commission, after considering whether the exception will prevent waste, protect correlative rights, and prevent pollution. Each party requesting an exception shall file an application with the conservation division.³

¹ K.S.A. 74-623

² K.A.R. 82-3-111(b)

³ K.A.R. 82-3-100(b).

II. FINDINGS OF FACT

4. Belport Oil, Inc. (“Operator”) conducts oil and gas activities in Kansas under active license number 33809.

5. On August 30, 2019, Operator filed an application requesting an exception to the 10-year limit on TA status for the following wells (collectively, “the subject wells”):

- a. Oscar West #202W, API #15-185-12874-00-01;⁴
- b. Oscar West #204, API #15-185-12875-00-00;
- c. Oscar West #403, API #15-185-12881-00-00;
- d. Oscar West #406, API #15-18512884-00-00; and
- e. Oscar West #407, API #15-185-12885-00-00.

6. Operator has verified that notice was properly served and published, as required under K.A.R. 82-3-135a, at least 15 days before the issuance of this Order.

7. No protest was filed under K.A.R. 82-3-135b.

8. On September 5, 2019, Operator successfully tested the subject wells for mechanical integrity.⁵

9. The Commission finds the application and the mechanical integrity tests sufficient to support the administrative grant of the application.

III. CONCLUSIONS OF LAW

10. The Commission concludes that it has jurisdiction over Operator and this matter.⁶

11. The Commission concludes that Operator’s application was filed in accordance with the rules and regulations of the Commission and in accordance with Kansas statutes.

12. The Commission concludes that notice was properly served and published.

⁴ In its application, Operator calls this well the Oscar West #202, but the API number and location listed in the application describe what is known in Commission databases as the Oscar West #202W. There is no doubt based on upon its application that Operator requests approval for Oscar West #202W.

⁵ To reach this finding the Commission takes administrative notice of its records. *See* K.A.R. 82-1-230(h).

⁶ K.S.A. 74-623(a).

13. Based on the above facts, the Commission concludes that the application should be granted to prevent waste and protect correlative rights, because Operator has demonstrated a potential future use for the wells, and there is not a present threat to fresh and usable water.

THEREFORE, THE COMMISSION ORDERS:

A. Operator's application for an exception to the 10-year limit on TA status for the subject wells is granted for three years, calculated from the date the application was filed. Operator must file an annual TA forms for the subject wells. The first TA forms shall be filed within 30 days.

B. Any party may file and serve a petition for reconsideration pursuant to the requirements and time limits established by K.S.A. 77-529(a)(1).⁷

BY THE COMMISSION IT IS SO ORDERED.

Keen, Chair; Albrecht, Commissioner; Duffy, Commissioner

Date: 10/17/2019
