Subject: Re: Heavy Oil - Email Addresses

Thanks for taking time to talk to me yesterday. Since the process on this injection well appears to be recommended by the staff, Jacinta Davis sees no further good will be accomplished by objecting. Neither she or I will be in attendance tomorrow at the hearing.

As to the matter of the setback on the wells directing across the road from her property, how do we file a complaint?

Thanks for all of your help through this process. You represent the State of Kansas well.

Keith,

I am copying Jerry May and Phil Corkins so you have their email addresses. Mr. Baux left a message for his wife regarding their email address, and he will call or email me with it. I went ahead and gave him my print copy of the materials so he could review them early.

One thing I forgot to mention. K.A.R. 82-3-400 et seq. does not require publication of the application in the Wichita Eagle. K.A.R. 82-3-135 requires publication of any hearing in the Wichita Eagle. We just had one UIC matter go all the way to hearing without publication in the Eagle, so I wanted to mention this. Thanks,

Lane R. Palmateer
