Mr. Bob Lehr, Esq.  
Kansas Corporation Commission  
1500 SW Arrowhead Rd  
Topeka, KS 66604-4027

Dear Mr. Lehr,

On behalf of the Kansas Cable Telecommunications Association (KCTA) I respectfully submit this letter for your consideration in the matter of the Video Services Authorization Application of Community Wireless Communications, Co. (CWC); Docket No. 09-CWCZ-976-VSA.

The KCTA supports the July 9, 2009 Staff Memorandum to suspend the application of Community Wireless Communications (CWC). In addition, the KCTA supports the Staff's assertion that more information should be gathered from CWC to support any approval of the CWC application. The KCTA specifically contends the Kansas Corporation Commission has authority found in K.S.A 12-2023(a) to take these actions.

In addition, the KCTA contends that prior to any grant of authority, the KCC has the duty to determine whether the applicant has met the full requirements of the law.

Thank you for your thoughtful and thorough review of this matter.

Respectfully,

**John J. Federico**

President: KCTA
