# EXHIBIT 2 2022 RUS Form 7 – Total Company AUDITED

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0572-0032. The time required to complete this information collection is estimated to average 15 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Notes: Victory's review of General and Administrative expenses by category:				

Internal Newsletter:

Admin & General Training Expense:

Supplies/Food-Meetings (Not VEC):

Outside Services Employed:

General Advertising Expense:

Give Aways:

Misc General Exp - Misc:

Misc General Exp - Directors Fees:

Misc General Exp - Business Mtg: Misc General Exp - Local, State:

Misc General Exp - Annual Meeting:

Pumpkin Festival Expense, Dodge City Days Parade:

Scholarships, Sponsorship of Employee activities & Wellness program:

Software renewal excluded at 100%.

Meals provided for employees are excluded at 100%.

Meals provided are excluded at 100%.

Airfare for attorney excluded at 50%, meals and per diem are excluded at 100%.

Expense related to company image and general advertising were excluded at 100%. All other advertising related to member safety, legal ads and meeting announcements were not excluded. Expenses related to both company image and safety related messages were excluded at 50%. Dues that may have been included in this category were excluded at 50%.

Purchases for gift give aways were excluded at 100%.

Miscellaneous and General expenses were looked at as true business expenses versus other indirect expenses. Expenses related to travel, property taxes, liability insurance and labor were not excluded. Expense for meals, subscriptions to publications and retirement meals were excluded at 100%. Donations and dues that may have been included in this category were excluded at 50% with the exception of Kansas Electric Cooperative (KEC) monthly assessment dues. KEC provides needed services and programs to electric cooperatives for mutual benefit of the member cooperatives. The dues associated with KEC represent services KEC provides for our cooperative, which include our safety program, OSHA compliance, safety inspections, staff & board training and administrative functions on a statewide basis.

Expenses associated with meals, subscriptions, entertainment activities and gifts were excluded at 100%.

Expenses associated with meals were excluded at 100%.

NRECA membership dues excluded at 100%.

Expenses for the publication, balloting, official notice mailings and expenses in regard to holding the annual meeting were not excluded. Expenses for gifts for members were excluded at 100%.

Expenses related to these community services projects were excluded 100% with the exception of any labor and/or fleet costs associated with these activities.

Donations were excluded at 50%. Benefit projects for employees were excluded at 100%.

Notes: Victory's review of General and Administrative expenses by category:

Admin & General Training Expense: Meals provided for employees are excluded at 100%.

Outside Services Employed: Airfare for attorney excluded at 50%, meals and per diem are excluded at 100%.

General Advertising Expense: Expense related to company image and general advertising were excluded at 100%. All other advertising related to

member safety, legal ads and meeting announcements were not excluded. Expenses related to both company image and safety related messages were excluded at 50%. Dues that may have been included in this category were

excluded at 50%.

Give Aways: Purchases for gift give aways were excluded at 100%.

Misc General Exp - Misc: Miscellaneous and General expenses were looked at as true business expenses versus other indirect expenses.

Expenses related to travel, property taxes, liability insurance and labor were not excluded. Expense for meals, subscriptions to publications and retirement meals were excluded at 100%. Donations and dues that may have been included in this category were excluded at 50% with the exception of Kansas Electric Cooperative (KEC) monthly assessment dues. KEC provides needed services and programs to electric cooperatives for mutual benefit of the member cooperatives. The dues associated with KEC represent services KEC provides for our cooperative, which include our safety program, OSHA compliance, safety inspections, staff & board training and administrative

functions on a statewide basis.

Misc General Exp - Directors Fees: Expenses associated with meals, subscriptions, entertainment and gifts were excluded at 100%.

Misc General Exp - Business Mtg: Expenses associated with meals were excluded at 100%.

Narrative on the Inter-Divisional Cost Allocations

Victory Electric
Narrative describing process used to allocate costs
As of year ended December 31, 2022
(Page 1 of 2)

Victory Electric maintains two separate sets of accounting records for Legacy Sunflower and MKEC divisions. They are in the same accounting software using the same Chart of Accounts. Reports are run either separately or combined.

**Revenues** – Billing cycles are maintained separately for each Legacy and MKEC customers therefore revenues are split as appropriate.

**Expenses** – Our wholesale G&T provider is Sunflower Electric Power Corporation (Sunflower). Invoices from Sunflower are appropriately allocated to the separate divisions based on meter use, coincidental peak demand and load ratio share. Other expenses are split at the time they are paid. In some instances the costs specifically relate to one division or the other, i.e. mowing of rural substations, and they are recorded on the specific ledger respectively. Costs that are shared are split between divisions, i.e. billing/accounting software, software maintenance/support, insurance, audit fees, advertising, etc. The allocation was calculated based on meters and usage/kWh, both of which had the same allocation percentage.

Time sheets are entered by all hourly employees and some salaried employees based specifically on where they worked. Salaried employees time were split to each division based on either the same allocation used for other expenses (meters/usage) or an internal time study/survey of the employees time spent over a specified period. Distribution of property tax expense is based on a prorata share of asset balances and where those assets were located. Invoices from taxing jurisdictions that are 100% Legacy are coded 100% to Legacy accounts. Invoices from taxing jurisdictions that are combined Legacy and MKEC are allocated to each division based on the balances of assets in each of those jurisdictions. These allocations follow the recommended RUS Guidelines as set forth in Bulletin 1767B-1, Section referring instructions for Account 408, Taxes Other than Income Taxes.

**Cash management** – (Cash Receipts/Accounts Payable payments/Payroll payments) are managed from one bank account which is recorded on the Legacy Division, however given the billing revenues/AR and AP/PR expenses are split between divisions, an intercompany payable/receivable is generated by the system and is "settled" between the divisions on a monthly basis via a journal entry.

**Investments** – Investments are directly assigned or allocated between divisions based on the purpose or need resulting in the creation of the investment. Patronage capital for our G&T provider is allocated and recorded to the division based on purchased power for that specific division. Patronage capital for Lenders is allocated to divisions based on the debt service obtained from that lender. Specifically, annual patronage is allocated based on interest paid during that year for each division. Investments that were in existence at the time of the Acquisition and with no definite division affiliation remain as balances on the Legacy balance sheet, i.e. KEC, NISC and NRTC, all of which are immaterial balances when compared to the investment balances with G&T providers and Lenders.

Victory Electric
Narrative describing process used to allocate costs
As of year ended December 31, 2022
(Page 2 of 2)

**Debt** – Debt is generated on a consolidated basis. As is usual with RUS loan agreements, the draw down is supported by Engineer inspected capital work orders that are part of an RUS approved Work Plan. The consolidated cooperative creates and manages a work plan that includes projects necessary on both Native and MKEC divisions. Work is managed in the normal course of business. Once engineer inspections are complete and we submit an advance request, the debt is allocated to divisions based on the assets supporting the draw down. Debt recorded on the MKEC division is calculated using the percentage split of work order projects/assets placed into service in the specific territory of our MKEC divisions as a percent of the total projects being financed.

**Plant** – Plant is placed into service on the ledger of the division in relation to which territory it is located.

### **Proposed Tariff Sheets**

Clean and Redline Versions

Index	No.	24

Schedule: 24-LAC

#### THE VICTORY ELECTRIC COOPERATIVE ASSOCIATION, INC.

(Name of Issuing Utility)

#### MID-KANSAS SERVICE AREA

Replacing Schedule 23-LAC Sheet 1

Which was filed September 22, 2022

(Territory to which schedule is applicable) No supplement or separate understanding shall modify the tariff as shown hereon.

Sheet 1 of 2 Sheets

#### LOCAL ACCESS DELIVERY SERVICE

#### **AVAILABLE**

Entire Mid-Kansas Service Area.

#### APPLICABLE

For delivery to wholesale (sales for resale) customers over Victory's 34.5 kV (or other available lower primary voltage) subtransmission/distribution system.

#### CHARACTER OF SERVICE

Alternating current, 60 cycle, three phase, 34.5 kV or other available lower primary voltage.

#### MONTHLY RATE

Demand Charge

@ \$3.07 per kW.

#### MONTHLY BILLING DEMAND

When service is provided in association with network service, Monthly Billing Demand shall be defined as the Customer's kilowatt contribution to the Local Access Delivery System maximum hourly demand coincident with Victory's monthly Local Access Delivery System peak in the billing month as measured at the low side of the delivery point (the "Actual CP Demand"). Generation that is located behind the meter of a designated network load shall be metered and the amount of generation serving the Customer's network load at the time of Victory's monthly Local Access Delivery System peak shall be added to the Customer's Actual CP Demand to determine the Monthly Billing Demand. For other local access service (including, but not limited to, point-to-point transmission service requiring local access service and service reservations), Monthly Billing Demand shall be the greater of the Customer's service request or actual maximum monthly demand.

#### LOSSES

Real Power Losses are associated with all Local Access Delivery service. The Local Access Delivery customer is responsible for replacing losses associated with all transmission service as calculated by MKEC or paying MKEC for the Real Power Losses at MKEC's wholesale rate. The applicable Real Power Loss factor for the entire Mid-Kansas Service Area is as follows:

#### LOSS FACTOR

1.10 percent of energy as measured at delivery point.

#### **DELAYED PAYMENT**

As per schedule DPC.
