Kansas Corporation Commission
Conservation Division
266 N. Main St. Suite 220
Wichita, Kansas 67202

To whom it may concern:

17-CONS-3580-CFEN

I wish to contest the penalty for this report.

I was notified when my license was due and I completed the form and paid the fee (\$550) on time.

We received the license to operate this lease the day after my husband passed away.

I am trying to carry out the wishes of my husband and have continued to pay for the license fee.

I did not receive a notification that this form was due until I received the penalty notice.

WICHITA, KS

I am mailing today the U3C for 2016 showing no activity during that year.

At present time we have not produced any oil from this lease and we have not injected any fluid into the injection well in 2015 or 2016.

I would please ask that you waiver the penalty fee.

Thank you for your consideration in this matter.
