Docket No. 25-C3CC-426-TAR

Dear Ms. Celeste Chaney-Tucker:

On May 22, 2025, Broadwing Communications, LLC filed a tariff application in the abovementioned docket. The proposed tariff change would have grandfathered Private Line Services in the Broadwing Communications, LLC. Kansas Tariff No. 5.

The change in K.S.A. 66-2005(z)(1) from HB 2201 (Docket No. 13-GIMT-736-GIT) does not require these types of filings anymore. IXC certificated entities are not required to file tariffs.

By way of this letter, CenturyLink respectfully requests to withdraw the abovementioned tariff application.

Should you have questions or need additional information regarding this filing, please contact me.

Sincerely,

A handwritten signature in black ink that reads "Christina L. Chushuk".
