Re: Objection to application K.A.R. 82-3-111 for the Chrisler-Elliott #3 well, located in Ellis County, Kansas.

To: KCC, Conservation Division

As surface owners, we currently have no benefit or payment for having the Chrisler-Elliott #3 well. The following issues are areas of concern:

1. Electricity for livestock water well has been terminated.
2. Poor cattle guard at the entrance, which needs to be replaced
3. A cow got caught in the pipe and broke her leg and died. No payment has been received. (Approx. \$3000 value)
4. Old oil tank (wooden) and other debris have not been cleaned up (Hazard to cattle)

The aforementioned reasons cause MHW Enterprises to object and protest the application for an exception to the 10 year time limitation of K.A.R. 82-3-111 for the Chrisler-Elliott #3 well located in the NW NE NE of Section 12-11S-16W, Ellis County, Kansas.

Being surface owners of grass and water, we would kindly appreciate attention to the stewardship of your maintenance of the oil wells. This would include restoring the land to its natural condition.

Sincerely,

Howard M. Wehrman
