/s/ Lynn M. Retz

Dear Mr. Stucky:

18-CONS-3344-CWC

In reply to the KCC acknowledgement of receipt of my 20 February letter of protest against the application filed by H & D Exploration LLC. to authorize the disposal of saltwater into the Arbuckle formation at the **Doonan A Lease and Well No. 2** 1520 FNL 2334 FWL; located in the NW/4 of the Sec. 28 Twp. 18S R 13W Barton County, KS, with a maximum operating 0 psig, and a maximum injection rate of 2500 bbls per day, and for the reasons stated in my previous letter of protests, I am now writing to request a public hearing in that particular application matter.

For the reasons I have previously stated which specifically address causes of waste, violate correlative rights or pollution of these precious and fragile the natural resources of the state of Kansas, I believe that the Kansas Corporation Commission should hold a public hearing and hear the reasons for any protests filed in this application from H & D Exploration LLC. to authorize the disposal of saltwater into the Arbuckle formation at the **Doonan Lease A and Well No. 2** 1520 FNL 2334 FWL; located in the NW/4 of the Sec. 28 Twp. 18S R 13W Barton County, KS, with a maximum operating 0 psig, and a maximum injection rate of 2500 bbls per day.

Sincerely,

Susan Royd-Sykes
