FORMAL COMPLAINT

Jami Riehm
(Your name)

states that the above-named respondent is a public utility providing service in Kansas and is subject to the jurisdiction of the State Corporation Commission.

The facts and circumstances surrounding the complaint are set out in detail below:
(Be specific and as brief as possible. If necessary, attach additional sheets.)

My Complaint is that Westar Energy has their priorities wrong. It appears that making more money has been put above what's best for their customers. My issue is a serious one having to do with my health and quality of life. Their service making smart meters (which radiate us in our homes 24/7) is also unconstitutional (4th Amendment). I went through a radiation attack upon my body that was extreme and I'm now electrosensitive. This product (I'm being radiated ~~24/7~~ 24/7 from 8 close by meters) is being forced upon me for no good reason.

(Continued on the other side)

Formal Complaint *continued*

Complainant requests that the respondent utility be required to provide an answer to the complaint and requests the following action be ordered by the Commission. (*State action or result desired.*)

For health reasons and quality of life I need the 8 (or at least 6) closest Smart Meters changed to analog ones. I'm formally requesting I be allowed to opt-out of this mandatory dangerous program. Because forcing a very dangerous product that also invades our privacy is unconstitutional I'm requesting help from the State Corporation Commission in this issue. I'm also requesting that Westar Energy be made to share the truth about Smart Meters and stop misleading Lawrence citizens about them. They are telling us they are only coming on (radiating us) for minutes a day and this is not truth. They are on 24/7 and radiating us 24/7 and with extreme amounts if we live around many cell towers.

and for such further order or orders as the Commission may deem necessary.

VERIFICATION: I do solemnly, sincerely and truly declare and affirm that the statements made in this complaint form are true and accurate to the best of my knowledge, and I do this under the pains and penalties of perjury.
