RE: Docket No. 14-GIMT-118-CPL
Consolidated Communications of Kansas Company, LLC - 3Q2025 Quality of Service Results

Dear Ms. Chaney-Tucker:

Enclosed for filing with the Commission is a non-redacted copy of Consolidated Communications of Kansas Company's ("CCKS") quality of service results pursuant to the Commission's Order in Docket No. 14-GIMT-118-CPL and further enhanced under Docket No. 24-CCHI-521-ACQ. CCKS is pleased to report that it has met or exceeded the Commission's Enhanced Quality of Service Plan for Average Customer Repair Interval ("ARI") during Q3 of 2025 and was not in a jeopardy condition.

CCKS considers its quarterly quality of service results to be both a trade secret and confidential commercial information. The Kansas-specific information contained in the quarterly reports is not available publicly in any format and CCKS only produces its Kansas quality of service report for regulatory compliance purposes. The data in the Kansas report is information about CCKS' business operations that is used for commercial purposes to evaluate its own performance and resource requirements, and that could be valuable to a competitor in evaluating or formulating different strategies for the Kansas market. This document is filed pursuant to K.S.A. 66-1220a, and CCKS asks the Commission to treat this document as confidential and exempt from public disclosure under that statute.

Please do not hesitate to contact me as indicated below with any questions or concerns regarding this filing.

Regards,

A handwritten signature in blue ink that reads "Kevin J. Kastor".
