Dwight D. Keen

In the matter of the application of Berexco)	19-CONS-3159-CEXC
LLC for an exception to the 10-year)	Docket No. 18-CONS-3159-CEXC
time limitation of K.A.R. 82-3-111 for its)	
Tom Sellens #13A well located in)	CONSERVATION DIVISION
the NE SE SE of Sec 17, T15S, R13W)	
Russell County, Kansas.)	
_____)	License No.: 34318

APPLICATION

COMES NOW Berexco LLC ("Operator") for its application in the captioned matter states as follows:

1. Operator is a limited liability company authorized to do business in the State of Kansas. Operator's address is 2020 North Bramblewood, Wichita, Kansas 67206.
2. Operator has been issued by the Kansas Corporation Commission Operator's License #34318, which expires on October 30, 2018.
3. Operator is the owner and operator of the Tom Sellens #13A well, API #15-167-22700-0000 which is located in the Northeast Quarter of the Southeast Quarter of the Southeast Quarter of Section 17, Township 15 South, Range 13 West, Russell County, Kansas. The subject

well is located on an active oil and gas lease comprising the following lands: The Southeast Quarter of Section 17, Township 15 South, Range 13 West, Russell County, Kansas.

4. Pursuant to K.A.R. 82-3-111, Operator obtained temporary abandonment status for the Tom Sellens #13A well on July 29, 2005. The subject well has maintained such status from July 2005 to the present date.

5. K.A.R. 82-3-111 imposes a 10-year limitation on the amount of time during which wells may be temporarily abandoned, but an exception to the 10-year limitation may be obtained pursuant to said regulations through an application filed with the Commission pursuant to K.A.R. 82-3-100. Operator seeks a second exception.

6. The subject well demonstrated mechanical integrity as evidenced by passage of Commission Staff-witnessed mechanical integrity test on or about October 22, 2018.

7. Operator is keeping the subject well for use as either a producing well or an injection well in the current waterflood. This lease also has future potential for a CO₂ flood project. Plugging the subject well would result in economic waste associated with the expense of plug and abandonment and later re-entry to restart as a producing well or convert to injection. Estimated cost to plug this well is \$20,000. Cumulative production on the lease is around 1,000,000 barrels of oil. Current production on the lease is approximately 2.1 barrels of oil per day.

8. Operator has included a plat map showing the locations of all producing, injection, saltwater disposal, temporarily abandoned, and plugged wells located on the same leased premises as the subject well. There are two active producing wells, five active injection wells, three temporarily abandoned producing wells (including the subject well) and two temporarily abandoned injection wells on the lease.

9. Based on the foregoing, Operator requests the Commission grant an exception to the 10-year limitation, specifically to allow the subject well to remain eligible for temporary abandonment status for the three (3) years following the expiration of the 10-year limitation, subject to yearly renewal with the appropriate Conservation Division District, but without further need to re-apply for a new exception each of the three (3) years prayed for in this application to the Commission.

10. Listed in the attached Exhibit "A" are the names and addresses of the following persons:

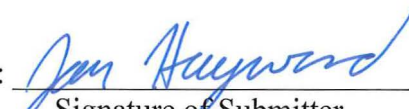

- A. Each operator of each oil and gas lease covering lands within one-half (1/2) mile radius of the subject well; and
- B. Each person who owns any mineral interest of record in and under any lands located within one-half (1/2) mile radius of the subject well (provided that such mineral interest is not covered by any oil and gas lease).

11. Notice of this application has been published pursuant to K.A.R. 82-3-135a. In addition, notice of the hearing to be held in this matter will be provided as prescribed by K.A.R. 82-3-135.

WHEREFORE, Applicant prays that this matter be granted administratively without a hearing, or in the alternative be set for hearing, and upon hearing that the Commission grant Applicant's request, for an exception to the K.A.R. 82-3-111 ten (10) year limitation, to allow the subject well to remain temporarily abandoned for three (3) years, subject to annual approval by the Conservation Division District Office of an application for temporary abandonment status.

Respectfully Submitted,

Jonathan D. Hayward
