License No.: 31086

APPLICATION

COMES NOW Richlan Drilling ("Applicant") in support of its Application in the captioned matter and states as follows:

1. Applicant is a sole proprietor authorized to do business in the State of Kansas.

Applicant's address is 598 2nd Avenue, Beaver, Kansas 67525.

2. Applicant has been issued by the Kansas Corporation Commission Operator's License 31086, which expires on 10/30/2018.

3. Applicant is the owner and operator of the Schneweis 9 well, API 15-009-25205-00-00 ("the subject well"), which is located in the NW/4 of Section 05, Township 17 South, Range 11 West, Barton County, Kansas. The subject well is located on an active oil and gas lease or unit comprising the following lands:

NW, SE, NW, NW OF SECTION 05, TOWNSHIP 17S, RANGE 11W

4. Pursuant to K.A.R. 82-3-111, the well was shut in, or previous owner obtained temporary abandonment status, for the subject well on 7/24/2008. The subject well has maintained such status from 07/24/2008, to the present date.

5. On or about July 30, 2018, the Kansas Corporation Commission notified Applicant temporary abandonment status for the subject well would be denied from and after 8/27/2018, because subject well has been temporarily abandoned for more than ten (10) years.

6. K.A.R. 82-3-111 imposes a 10-year limitation on the amount of time during which wells may

be temporarily abandoned, but an exception to the 10-year limitation may be obtained pursuant to said regulation through an Application filed with the Commission pursuant to K.A.R. 82-3-111. Applicant seeks such an exception.

7. The subject well is an oil well not subject to MIT.

8. Applicant wishes to continue TA status for the subject well, because Applicant intends to use the well for the following purpose: With the increase in oil price the intent is to rework the Douglas zone and resume production.

9. Applicant submits the following information regarding the well in support of the Application:

- a. Schneweis 9 one of 3 wells on the lease
- b. Estimated cost to plug the well is 15,000
- c. No current production rate available
- d. Estimated remaining reserves could be 25,000
- e. We would need to re-equip the well
- f. Estimated cost to return well to Production is 30,000

10. Applicant has included a plat map showing the location of all producing, injection, temporarily abandoned, abandoned, and plugged wells located on the same leased premises as the subject well.

11. Based on the foregoing, Applicant requests the Commission grant an exception to the 10-year limitation, specifically to allow the subject well to remain eligible for temporary abandonment status for three (3) years following the expiration of the 10-year limitation.

12. Listed in the attached Exhibit "A" are the names and addresses of the following persons:

- a. Each operator of each oil and gas lease covering lands within one-half (1/2) mile radius of the subject well; and
- b. Each person who owns any mineral interest of the record in and under any lands Located within one-half (1/2) mile radius of subject well (provided that such mineral interest is not covered by any oil and gas lease).

13. Notice of this Application will be published pursuant to K.A.R. 82-3-135a. In addition, Notice of the hearing to be held in this matter will be provided as prescribed by K.A.R. 82-3-135.

WHEREFORE, Applicant prays that this matter be granted administratively without a hearing, or in the alternative be set for hearing, and upon hearing that the Commission grant Applicant's request, for an exception to the K.A.R. 82-3-111 ten (10) year limitation, to allow the subject well to remain temporarily abandoned for three (3) years.

Respectfully Submitted,
